

2018 BCOA NATIONAL  
RESERVED GROOMING

All setups and grooming will be done in the reserved grooming area. Which will be marked and will be on a first come first serve basis. Power plugins are extremely limited, so exhibitors will need to bring their own Generator and Pop Up. Several exhibitors will have generators that you can rent on a scheduled basis and there are a couple of places in the Tri Cities area that rent them by the day/week. Grooming spaces will be 10X10 with 2 maximum spaces allowed per person. Spaces are \$30.00 each for the entire week. Grooming spaces will be down close to the ring, but there will be no security for your items at night. For valuable grooming bags, dryers and generator it is advised that you lock them up in your vehicle, trailer, and room. The bathing area will be marked, and BCOA will provide the hoses and tubs. **There will be no grooming in the rooms or running electrical cords out of the rooms to groom on the patio, courtyard or parking area.**
