and **pre-filled OFA papers** with you.*

Blank forms will be available at the Health Clinic Table Tues & Wed.

Dinner Seminar 6:30 – 8 p.m.

Sighthounds and Anesthesia

Michael H. Court, BVSc, PhD

Dinner TBD ~ no charge to attend the seminar

Dr. Court will be speaking on his research through the Canine Health Foundation to understand the genetics of adverse drug reactions in sighthounds, with a focus on anesthesia. If you have a borzoi that has had a drug reaction, especially an adverse reaction to anesthesia, post-operative bleeding, or malignant hyperthermia, Dr. Court will be accepting cheek swabs at the health clinic for his research. Your support of this research is greatly appreciated.
