As I mentioned at the awards dinner following my judging, we have one Borzoi breed standard. We use the same breed standard for our conformation Borzoi and the same breed standard for our Borzoi bred for performance. Therefore I judged accordingly.

For me correct Borzoi breed type equals Borzoi style plus structural soundness. I like a Borzoi with a pleasing style but also see beauty in a Borzoi that is structurally sound. That is how I can appreciate dogs of different styles and one will find dogs of different styles in my final lineup.

After judging our national, I must say our breed is in very good hands. I was impressed with the overall caliber of the entry.

Overall the entry had: pleasing heads, correct bites, correct width in front, correct sighthound forehead. Few had missing teeth. Side movement was better than the down and back.

Areas I felt we should improve upon: follow thru after he won this class I was able to relax, if not, then one would have had to move in the right gait.

Afterglow, CGC first and I placed Ch. Adrienne Serenade in Blue second. Both were excellent individuals as were their get.

In my Best of Breed class I had a nice entry of outstanding Borzoi. I narrowed the class down to 5 males and 5 females. Best of Opposite Sex went to a handsome male named Ch. Zabava Mercury, JC. I liked his length of leg, flowing lines, balance, muscling, movement and head structure. My other four males that made the cut were also excellent and met my requirements of having their fronts under them, being balanced in motion and repose and had correct tail carriage. However, one male needed more maturity, another had a shorter upper arm, another I would have liked more forechest and one could improve upon his down and back.

Best in Veterans Class winner, Ch. Soyara’s Chantilly Lace, JC, was a standout in my Veterans class. She made it to my final line up.

Ch. Rising Star’s Liberty Belle was my third AOM. What a breath-taking bitch. I could not fault her standing or in motion. This is the first time in my judging I have faulted an individual for being out of coat. I have given specialty wins to individuals completely out of coat but on this day I had to narrow my field to one individual and I could only fault this first class bitch on blowing her coat. What a shame.

My second AOM was Ch. Avatar Insight, JC. I liked her length of leg, topline, neck and her balance standing and in motion. I do not like to keep repeating myself but these last three bitches all had the qualities that I was looking for. I hate to fault such an outstanding Borzoi but again I am writing about my thoughts while judging this class. I would have scored her down and back a 10 out of 10 but when put up against my BOB winner I dropped her to 9.9 out of 10.

My Best of Breed winner was Ch. Majenkir My Fantastasia. She met my criteria for what I was looking for as mentioned above. I was impressed with her balance in motion and repose, having her legs under her withers, correct forechest, good depth of chest, correct tail carriage and pleasing flowing lines. I mentioned how the down and back was a common area needing improvement in my overall entry. On this day, this bitch’s down and back was perfect. It was a difficult decision but I was pleased to award her Best of Breed.

As a breeder I know the importance of breed style (type) but also the importance of structural soundness. Style (type) can be bred in one generation but structural soundness takes

many generations to correct. So we are back to where I started at the beginning of this critique when I said I can see beauty in a Borzoi that is structurally sound.

In closing I would like to say that everyone was very gracious towards me. I realize emotions are running strong in a class by the time I point to the winner but I did appreciate how I was treated with respect and want to say thanks. I smile inside when I hear comments made that ‘Jim would never put up a dog from such and such a kennel’ or ‘Jim would never put up a dog with that color’ etc. All I can say is that an outstanding Borzoi can be shown by a novice or an experienced handler. An outstanding Borzoi can be of any color and carry any kennel name. An outstanding Borzoi can be bred in any country. A fair judge should leave all personal prejudices outside of the ring. When he is in the ring he should just judge dogs. That is what I tried to do. Thanks again for the honor of judging our National. §

Thank you to all the BCOA members and the exhibitors who showed in the 2005 BCOA Sweepstakes in Texas. The overall quality of Borzoi was superb; it was a pleasure to feel so many dogs in hard running condition. The ultimate honour was having Dr. Asa and Karen Mays as the excellent ring stewards. My deepest gratitude to them for enabling my judging to proceed smoothly and so enjoyably.

### Puppy Dogs

1) 6-9 WIND N’ SATIN WICKLY SINFUL...eye-catching, just turned 6 month old, light on his feet and wonderfully handled. Black sable with tan points.

1) 9-12 REGIUS TEST FOR ECHO...an impressive rich red mahogany brindle and white, powerful and well muscled, ground covering movement.

1) 12-15 FOXCROFT TRAJAN BY DOLINA...nearly self red sable captivated me from the moment he moved around the ring. Although out of his puppy coat, he was well angled, sound all around and had ground covering stride.

1) 15-18 RISING STAR KAJAI PRIAM... golden brindle and white, very pleasing overall appearance, excellent head and neck, very strong rear assembly with light reaching movement and a delightfully long tail. This fine male was BOS.

### Puppy Bitches

1) 6-9 KANSAI’Z ALL THAT ATTITUDE...This was a huge class brimming with quality. Rising to the top of the class was this red and white 6 month old. A perfectly balanced bitch with excellent front and rear assembly. Small ears, black pigment and dark eyes, she never put a foot down wrong and just demanded my attention. It was a sheer pleasure and delight to award this puppy BEST IN SWEEPSTAKES.

9-12 MAJENKIR RAYNBO’S SILVER CAMEO... An exquisite silver brindle and ice white, an eye filling package. Shown perfectly by her handler, she stood out with her beautiful silhouette, showing a fine headpiece, strong arched neck, well laid back shoulder assembly flowing smoothly to her well angulated rear. She excelled in sidegait.

12-15 ORION’S PIPER HEIDSIECK... a tall spotted tri with heavy ticking, an elegant bitch, well conditioned, lovely long neck, moved very well.

15-18 KATZ CHAOTIC CLARE...a lovely fire red and white, excellent pigment, small tight ears, a ground covering stride with a very pleasing outline.

### VETERAN SWEEPSTAKES 2005

It was very difficult to choose only one Veteran in each class with so many fine quality dogs present. It was an incredible experience to go over so many excellent adults.

An exceptional male caught my eye for BIS: CH ZIMISTRAIJA MOZART PLAY FOR SV’S HIN, JC... clear red and white, well coated, black pigment with large white teeth, this outstanding male was not only a pleasure to look at and feel he also was a fine mover. His sidegait was strong and powerful and his down and back was true, he was shown to perfection. A very exciting dog.

BOS CH KYROV KINOB’S DANCING STAR, JC...her name says it all...beautiful from every angle, this well coated apricot and white bitch really covered ground with ease, exuding Borzoi type to fill the eye.

I want to begin by thanking the breeders for selecting me to judge the Futurity at the 2005 Borzoi National Specialty. It was a great honor to judge such a prestigious event.

To prepare for the judging assignment I carefully studied and restudied the Borzoi standard to familiarize myself to as great a degree as possible with the expected structural qualities of the perfect Borzoi. I also have more than 20 years of experience in coursing Borzoi in the open field on hare, fox and coyote. I have learned from considerable first hand experience what are essential qualities of a solid and successful coursing Borzoi.

Based on the breed standard and supported by what I have witnessed in the open field, Borzoi need particular structural qualities to chase, catch and hold their quarry. Special emphasis is placed on sound running gear, a strong neck and jaws, agility, courage, and proper conditioning. Any deviation that negatively affects these basic qualities must be penalized to the extent that they limit the dogs’ ability to achieve the basic overall purpose of the breed (which is coursing).

The majority of the puppies entered in the Futurity had good feet and good pads. There were a few flat feet and a few splayed toes. Bites were generally very good as were teeth, jaws and necks. A few exhibited gay tails and while this is a fault in the breed standard I have not witnessed this condition to cause a Borzoi to run more slowly. The most significant conformation issues that I encountered include the following: 1) some of the entrants were too big. The statement in the standard on size (… size should not be penalized as long as it is not acquired at the expense of symmetry, speed and staying quality) is there for a reason. Experience bears out the standard; dogs that are too big are not competitive in the open field, 2) some displayed croups that were too steep, 3) some did not have good fronts, 4) some were over angulated or improperly angulated, 5) some had straight pasterns or high hocks, 6) some had incorrect loin placement and 7) some were slab-sided.

There were two classes which contained many excellent specimens. The six to nine month puppy bitch class and the nine to twelve month puppy bitch class were exceptional. These classes had many superior examples of the perfect Borzoi and were a testament to their breeders.

Each of my winners, at least to my eyes, exhibited the qualities that are absolutely necessary for sound running Borzoi. These were powerful dogs of proper size, good angulation, solid fronts, sound feet, correct croup and loin placement, good chest rib spring, excellent movement and proper conditioning.

Ravenna Owns My Heart nudged out FollyQtr’s Svetlana Zoyanovna for top honors as Best Puppy in Futurity. This puppy dog possessed all of the necessary attributes of a sound running borzoi. I was especially impressed with this dog’s long, very muscular, and powerful hindquarters.
