BCOA 2018 Obedience Rankings

for BCOA member-owned Borzoi, January 1 to September 30, 2018

Corrections to June Mintchell, PO Box 31, N Manchester, IN 46961, rmintchell@yahoo.com

The first person listed as the dog's owner by AKC must be a BCOA member to be included. To be ranked #1 overall at year's end, a dog must have at least 3 QS from the regular classes and all QS from the regular classes will be averaged for that dog. To be ranked #1 in any particular class at year's end only 1 score is needed.

UTILITY

	Av Score	#QS
1. CH Riju Fun & Games JC, UD, GO, VER, BN, RA, NJP, SWN, SCA, SIA, SEE, SHDN, R & J Mintchell ...	192.5	1

OPEN

1. CH Riju Fun & Games JC, UD, GO, VER, BN, RA, NJP, SWN, SCA, SIA, SEE, SHDN, R & J Mintchell ...	192.5	3
2. DC Sylvan Pimlico CDX, BN, RA, SC, BCAT, CGCA, CGCU, P & C Neale	184.5	3

NOVICE

1. FC Téine Mirage At Riju SC, CD, BN, RN, SHDN, J Mintchell	197.4	5
2. CH Hemlock Hollow's Journey To Rule Sixty Two BN, RN, SC, MX, AXJ, DJ, DN, CGCA, TKA, L Avant & C Allen.....	194	1
3. Katz O'Nellie Of Woodacres' CD, BN, RA, CGCA, CGCU, R Smith	185	3
4. GCHS Morozova Rey's Sierra Moonlight BN, RN, SC, CGCA, K Novotny & J Adams	176.5	1
5. CH Agust's Crystal Pyramid CD, BN, SC, BCAT, M Agun	174.75	2
6. GCH Hemlock Hollow Aruzia Journey To Tahoe BN, RN, SC, CGC, S & K Artley	174	1

GRADUATE OPEN (optional titling class)

1. FC Téine Mirage At Riju SC, CD, BN, RN, SHDN, J Mintchell	193.63	4
--	--------	---

PREFERRED NOVICE (optional titling class)

1. FC Téine Mirage At Riju SC, CD, BN, RN, SHDN, J Mintchell	196.75	2

BCOA 2018 Rally Rankings

for BCOA member-owned Borzoi, January 1 to September 30, 2018

Corrections to June Mintchell, PO Box 31, N Manchester, IN 46961, rmintchell@yahoo.com

The first person listed as the dog's owner by AKC must be a BCOA member to be included. To be ranked #1 overall at year's end, a dog must have at least 3 QS from the regular classes and all QS from the regular classes will be averaged for that dog. To be ranked #1 in any particular class at year's end only 1 score is needed.

Started in 2016 was the offering of an OVERALL #1 dog in rally. Same rules apply to rally as to obedience. A minimum of 3 scores are needed to be the OVERALL #1 dog. All of the dogs scores from rally are averaged so if a dog competes in more than level all of his scores are rolled into one. Just like obedience, only 1 score is required to be #1 in any given class.

RALLY EXCELLENT

1. Hemlock Hollow Aruzia Desertwinds Journey BN, RE, JC, CGC, W & T Merendini	77.8	5
---	------	---

Update on the BCOA Registry of Merit Program

By K. C. Artley, ROM statistician, kcartley@earthlink.net

In August, the BCOA Board approved the addition of three new AKC obedience titles to the ROM program: Beginner Novice, Graduate Novice, and Graduate Open, and 3 new AKC rally titles: Rally Intermediate, Rally Master and Rally Champion. The revised point tables are:

AKC Obedience Titles	points
Beginners Novice (BN) _____	3
Companion Dog (CD) _____	4
Graduate Novice (GN) _____	5
Companion Dog Excellent (CDX) _____	6
Graduate Open (GO) _____	7
Utility Dog (UD) _____	8
Utility Dog (UDX) _____	9
Obedience Trial Champion (OTCH) _____	10

AKC Rally Titles	points
Rally Novice (RN) _____	2
Rally Intermediate (RI) _____	3
Rally Advanced (RA) _____	4
Rally Excellent (RE) _____	5
Rally Advanced/Excellent (RAE) _____	6
Rally Master (RM) _____	7
Rally Champion (RACH) _____	8

In the past year, the following sires and dams have been awarded a ROM title, based on the exceptional accomplishments of their get and progeny.

SURVEY OF SUDDEN DEATH IN BORZOI

Please help us better understand how frequent and widespread sudden death is in Borzoi by filling out this short survey. Your participation will assist Dr. Meurs and Dr. Gelzer in more accurately evaluating this problem in our breed. Your anonymity will be strictly guarded. We appreciate your time and value your information.

What is sudden death?

For this survey, sudden death describes a type of death that occurs within the time frame of seconds to minutes in a dog that was considered normal up to that moment. Even if heart disease was diagnosed prior to, if no gradual progression or worsening clinical signs were present just prior to the death, it is considered a sudden death.

Please answer the following questions to the best of your ability.

1. Have you ever had a Borzoi who experienced sudden death in the past 10 years and if so, how many of your dogs experienced this?

2. At what age did each dog experience sudden death?

3. Was the dog diagnosed with heart disease or arrhythmias prior to the sudden death?

4. Did any littermates die of sudden death – if so, how many?

5. Did any other close relatives die of sudden death and if so what is their relationship? You may provide a pedigree with the ancestors circled if you prefer.

6. Are you willing to be contacted for further information/clarification by Drs. Meurs and/or Gelzer? If so, please provide a contact phone number and/or e-mail address:

Survey Deadline is DECEMBER 31, 2018

Please return the survey by e-mail or regular mail to one of the following addresses by the deadline:

Email vjones1@ford.com - with subject line: "Borzoi Research" OR snail-mail to Virginia E. Jones – Borzoi Research, 8552 Evergreen Rd, Brighton, MI 48116-8529

Or you may go to the Sudden Death Survey page on the BCOA Health website at <http://www.borzoiclubofamerica.org/health/suddendeath.html> for other options.

Your response is important! Act now!

From the Archives

At the annual meeting of the Borzoi Club of America held on February 11, 1941, the following officers were elected for 1941: President Carroll G. Stewart, Jr., vice-presidents, Mrs L. P. McConaha and George Mendel, secretary-treasurer and delegate to the AKC, Fairfield P. Day. Those chosen to serve on the board of governors are: Lady Helen Frost, Mrs Robert F. T. Gundlach, Robert Charles and Richard Bralove.

Mr Bralove, whose address is the Hotel Shoreham Washington D.C., was made chairman of the borzoi publicity committee, so as his first guest writer, I will endeavor to start the column rolling. Mr Bralove's idea, which the Club wholly approves, is to have a different individual write an article, each month, for the *Gazette*.

To finish up last year's award and announce the winners, in the natural order to follow. The three annual awards to members only are: the 1940 best of breed trophy was won by Ch Ajax of Romanoff, 22 points, owned by Mrs Carroll G. Stewart, Jr., of Haverford Pa. The 1940 best of opposite sex trophy was won by Ch Merry Christmas of Mogedo, 21 points, owned by Mrs George Mendel of Toronto Ohio.

Other close contenders for these two trophies were: Ch Otrava of Romanoff, 17 points, owned by Mrs R. W. Peabody, Ch Yvonne of Mogedo, 16 points, and Ch Korichnevi Malchik of Mogedo, 15 points, both owned by Mrs Mendel; and Ch Snigouriska, C.D., 11 points, owned by F. P. Day.

Of the above mentioned dogs, it is interesting to note that Ch Ajax of Romanoff was the winner of the award in 1938, his father Ch Otrava of Romanoff, in 1939, while Ch Snigouriska, which has added the companion dog title to her credit, won the American-bred award in 1938.

The award for the dog or bitch making the most wins in the American-bred classes for 1940 had to be declared void for the

past year. Maxine O'Barons Wood, nine wins, topped all contenders. Unfortunately the owner, Mrs. J. H. Fisher, was not familiar with the terms of the offered trophy, and had not made application for membership in the Club in time to establish her claim for the award her dog so rightfully won.

The other dogs closest to Maxine were: Zorka Dogongai of Mogedo, and Tharmar dar Nusia of Mogedo, five wins each, both owned by Mrs G. Mendel, Sonia IV, four wins, owned by Mrs R. W. Peabody, and Great Rubinoff of Bratzlaff, four wins, owned by Mrs L. P. McConaha.

While we are still on the subject of statistics, our breed showed a splendid gain in "Stud Book" registrations, making a total gain of 30 dogs for the past year. So it does seem that there are more borzois around that are eligible to be shown or bred.

It is too bad that Mrs Mendel could not be in New York to see the clean sweep that her dogs made in the breed at the Garden, this year. It was clearly her day, and must have been a thrill to Mogedo Kennel when all the ribbons arrived home. Ch Korichnevi Malchik of Mogedo, which was best of breed, is a good one, and will bear watching in the future. He is a young dog, and looks like he has many more winning years ahead of him.

I have heard rumors, recently, that Lois Kellogg is starting to breed borzoi again. How true it is I cannot say, but those of us that are somewhat familiar with the history of the breed, hope that this may be correct. Miss Kellogg, some years ago I believe, decided to make her home in the West, and took with her some of the best breeding stock and bloodlines in the country. Those bloodlines are really needed now to help stimulate our breed. — C. G. S.

GCHS Lagniappe Cajun ZYDECO Bon-Ton BCAT

Born: February 3, 2014

GCHS Jubilee Tadbite O'Brindle Mist x GCHB Golightly Beau Soleil Lagniappe JC

ZYDECO won Best of Breed for a 5 point major and Owner Handled Hound Group 2 under highly respected breeder judges Mr. Ron Spritzer and Mrs. Carol Spritzer at the Tennessee Valley KC shows in November. Last July **ZYDECO** proved his versatility and completed his BCAT lure chasing title. He has a loving temperament as can be attested by people at the shows who come to give him hugs and kisses. He is truly a once in a lifetime companion and show dog.

Calling all artists and art collectors to support the BCOA Annual Silent and Live Art Auctions!

The BCOA Annual Art Auction and silent auction will be held on Friday May, 17 2019.

Have some special borzoi items you no longer have room for? Donate them to the BCOA Silent Auction or the Live Art Auction that will be held May 17th at the 2015 BCOA National Specialty in Ohio. You can elect to donate 100% of the proceeds to BCOA or share it with BCOA 50/50%. Borzoi-related art and collectibles, books, original art, antiques, etc are preferred. Other Borzoi/dog related items of interest or value may be accepted such as fancy collars, beds, books and leads etc. Have a questions? Just ask! Donor forms will be found online in the specialty downloads section.

Help! I Holtered My Dog and I Don't Know What This Means!

by Nancy Hopkins, celestialbz@mac.com

We have a Holter Rental Program! Yay! So you decide to Holter a dog or two. You pay the fee, fill out the forms and, “Yippee!” the Holter monitor and all the equipment comes in the mail. After a bit of a struggle and wondering what you have gotten yourself into (never fear, we have people to help you out!), you manage to get the Holter monitor on your first dog and the vest safely secured. Now you watch the dog like a hawk to keep him from chewing

on the equipment and after that 24-hour vigil you do it all over again with your other dog. After another successful Holter test, you take the sim cards, put them in the reader one by one and download the data to your computer. At the ALBA website, you click on “Transmit Holter” in the upper left hand of the page. On the transmit page, you diligently read the instructions, click the link to go to the drop box and enter your information:

Full Name: Barbara Borzoi Breeder
E-mail Address: BBBBorzoi@Email.email
Phone Number: 555-555-5555
Dog's Name: Boris Vorenoff
Dog's Age: 4 years
Dog's Breed: Borzoi
“Please include the Full Disclosure”

And before you know it, there is a message from ALBA Medical in your inbox! Hot Dog! You are so excited. Now you will have so much information to add to what you know about your dogs! Hooray!

You open your e-mail and see this (Figure A):

-------------------------------------	-------------------

What???? The first page provides information in English, at least, but what does it mean? All the other pages (20 to 30+) are filled with varying amounts of squiggles that can be really alarming looking. What do THEY mean?

Suddenly your head is swirling. You just paid \$40 to rent the Holter, approximately \$45 to mail the Holter back, and \$30 for ALBA Medical to send you the report and what is all this? Do you need to get a cardiologist interpretation? Should you breed your dog? Should you take him to a cardiologist? Just, what does all this mean?

First, it is important to remember that the Holter test is a screening tool intended to give you information that will better inform your breeding decisions. Like almost everything else to do with breeding, there are few clear-cut answers. However, you will gain more information than you had before you tested and you will be contributing to the effort to make the Holter a more definitive tool for you to use in the future through the Borzoi Arrhythmia Project investigation.

So, never fear! Read on and you will feel much more comfortable the first time you get a Holter report in your inbox.

Figure A is the summary page. This provides a breakdown of the findings from ALBA Medical. The benefit of using ALBA Medical is that experienced technicians (humans) review the data from the Holter information you send. This is better than a machine read. However, it is important to remember that a veterinary cardiologist is not the one doing this initial

Figure B

reading, so one should consider the information on this summary page as a screening. If everything is good, then nothing more needs to be done. If there are some areas of possible concern, then you will need to take the next step to get more information. Bottom line, no dog should ever be removed from a breeding program based only on the information on this summary page!

Figure B is the event page. This page shows highlights from the 24-hour recording. These pages show complete information from all channels for short periods of time. These will have meaning only to people with the training to interpret ECG strips. They are interesting to look at, but don't let them alarm you.

Figure C is a page from the Full Disclosure part of the report. You will not get this portion of the Holter recording unless you specifically request it. If you are participating in the Borzoi Arrhythmia Project by sharing your dog's heart information with our researchers, Dr. Meurs and Dr. Gelzer, you will need to request the Full Disclosure. You will also need this if you plan to provide the

Holter data to a veterinary cardiologist for evaluation. This section of the report uses a lot of data space, so if you have an e-mail account with limited data usage, request that ALBA Medical send you the shortened version of the report and a copy with the Full

Figure C

Disclosure to either Nancy Hopkins (if participating in the Borzoi Arrhythmia Project) or your dog's cardiologist.

So what does the report in Figure A mean?

This particular dog (an 8-month-old puppy) had a heart rate of about 94 beats per minute (bpm). During the recording period her heart beat 118758 times. She had a maximum heart rate of 240 bpm at 5:55 am and a minimum heart rate of 40 bpm at 5:13 am.

For the purposes of this report "Tachycardia" is defined as a heart rate faster than 160 bpm. This is found in every report and is not a specific indication of pathologically fast heart rate. It is merely an indication of the number of heartbeats with a rate faster than 160 bpm.

The same is true for the Bradycardia beats section. Just as tachycardia means a fast heart rate, bradycardia is a term that means slow heart rate. For the purposes of the Holter report bradycardia is considered to be any heart beats occurring at rates of less than 60 bpm.

It is normal for a dog (or person) to have periods of slower and faster heart beats. This is just a sign of the heart doing its job.

The RR (as in the “Longest RR” and “RR Variability”) is the measure of the variation in the cardiac cycle length (or the beat to beat interval). This is information for cardiologists.

The 8-month-old dog who provided the information for the report shown in Figure A had no ventricular or supraventricular ectopic beats (misplaced beats or arrhythmias). Ventricular refers to the heart’s ventricles. They are the 2 large muscular chambers; one pumps the blood to the lungs, the other pumps the blood to the body. Supraventricular refers to the part of the heart above the ventricles. This includes the two atria and the AV node. The atria are the 2 smaller chambers of the heart. One atrium is the chamber that first accepts the blood as it returns to the heart from the body, the other accepts the blood as it returns to the heart from the lungs. The AV node (also known as the atrioventricular node) is a major part of the heart’s electrical conduction system.

If you get a report with this information, be glad. Your dog did not have arrhythmias of any kind during the period of time your dog was tested. You can still get a cardiologist’s interpretation, but there is no real urgency unless your dog is showing symptoms. If there is a direct family history of arrhythmias or sudden death you may still want a cardiologist’s interpretation to make sure there is nothing hidden in the Full Disclosure that is of concern. While getting a report such as the one in Figure A is wonderful, there is a chance, especially when testing older dogs, that arrhythmias will be found.

Before we go further, let us look at the types of arrhythmias a report might enumerate. Arrhythmias can occur in the ventricles of the heart as well as the atria. For the purposes of this article we will focus on ventricular arrhythmias. Ventricular arrhythmias can occur as single misplaced beats (single ectopics), as two misplaced beats spaced very close together (pairs/couplets), or 3 or more misplaced beats paired close together (3 = triplet and 4 or more = a run). It is when these ectopic beats begin to occur in rapid sequence in the ventricles that the risk for sudden death increases. Another type of concerning ectopic is the R on T phenomenon which can lead to sustained ventricular tachyarrhythmias leading to sudden death.

Until the Borzoi Arrhythmia Project investigation is complete, we do not know what is normal and what is not normal for Borzoi. In her 2005 report to the American Boxer Club, Dr. Kate Meurs stated that, “it was not common for a normal dog to have more than 100 ventricular premature contractions (VPCs) [ventricular ectopic beats] in 24 hours, or to have couplets, triplets, or runs. Normal large-breed dogs have an average of 2 VPCs per day.” In Boxers, more than 500 VPCs per 24-hour period indicates an affected dog and between 100-500 VPCs is suspicious for

Arrhythmogenic Right Ventricular Cardiomyopathy (a type of cardiomyopathy specific to Boxers). Unlike Boxers, Rhodesian Ridgebacks with more than a handful of ventricular ectopic beats are considered to be suspicious for Rhodesian Ridgeback Inherited Arrhythmia. So you can see that what is deemed normal and abnormal can be breed dependent.

Based on this information it is safe to say that the breeder/owner of any Borzoi who has more than a handful of singles and/or any number of pairs, triplets, or runs should seek a cardiologist’s interpretation and/or get an echo at the next available opportunity or recheck with another Holter test in 6 months. Remember that the results of a Holter test can pick up on arrhythmias that are caused either by a problem in the way the heart produces the electrical signal that stimulates its beats (such as in Rhodesian Ridgeback Inherited Arrhythmia) or by early stage cardiomyopathy (as seen in Doberman Pinscher DCM). Currently, Dr. Gelzer is graciously

HELP! I HOLTERED MY DOG AND I DON'T KNOW WHAT THIS MEANS! CONTINUED FROM PAGE 24

offering Borzoi owners Holter interpretations for the low price of \$50. I have paid \$100 for this same service in Texas and I have seen a price of \$150 at a southern university vet cardiology department, so Dr. Gelzer is offering Borzoi owners a significant discount.

Figure D (on previous page) provides an example of a Borzoi's Holter report demonstrating why using the Rhodesian Ridgeback model is wise until we determine what number of arrhythmias is normal for Borzoi.

This dog fell into the normal range for Boxers but the abnormal range

for Rhodesian Ridgebacks, with 21 total ventricular ectopic beats (or VPCs). He had no arrhythmias based in his atria or his AV node (supraventricular). Of those 21 ventricular ectopics, 19 were singles and 1 was a pair. The owner sent the

Holter report with Full Disclosure to her veterinary cardiologist for evaluation. Based on the information in the Full Disclosure, the cardiologist recommended a Doppler echocardiogram. Through that test, this dog was determined to have dilated cardiomyopathy (DCM). His illness was discovered before he had begun showing any symptoms and before changes in the heart could have been picked up using X-rays. His disease was caught before he was bred. This dog was placed on medications and is currently on continued evaluation and care by that cardiologist which includes periodic echos and Holter tests to monitor the effectiveness of his treatment.

To date, with the support of the dedicated breeders and owners who are participating in the Borzoi Arrhythmia Project investiga-

tion, Dr. Meurs and Dr. Gelzer have narrowed their focus and are asking for people with dogs from families with a history of sudden death to Holter test puppies. In both German Shepherd Dogs and

Rhodesian Ridgebacks young dogs are at greatest risk for sudden death due to inherited arrhythmias. Holter testing can pick up arrhythmias in young dogs but may be missed in older dogs in these two breeds. Initial findings in Borzoi suggest that something similar may be occurring. We need breeders willing to Holter test puppies prior to 1 year of age. I commend the breeder of the dog depicted in Figure A for her willingness to Holter an 8-month-old puppy! If you are willing to help us gain more information about arrhythmias in Borzoi, please contact either Nancy Hopkins celestialbz@mac.com or Leslie Walenta (see contact information below).

To help you sort out any questions about the Holter results or to assist you in determining whether to request a veterinary cardiologist's interpretation and how quickly it should be done,

BCOA member Danielle Steenkamp, DVM has offered to assist you. You may contact her at sataraBorzoi@gmail.com with

your Holter report-related questions.

For help with putting the Holter on, taking it off, keeping your dog from eating the equipment, sending the information to ALBA Medical, or other questions regarding the Holter equipment you can contact Leslie Walenta at BorzoiGirls2006@aol.com.

Good health to all!

(The Holter reports provided for this article are shared with permission by the dogs' owner(s).)

Borzoi Videos

**\$12 for 1st clip; \$8 each additional clip per dog.
(Special discounts for large orders)**

Videos collected over many years dating back to the 1980s. Over
2600 names which could be in your current dogs' pedigree!

**Knowing what's behind your dogs is so
important when breeding. NOW you have an
opportunity to see ancestors moving!**

Now available - videos from the 2017 National!

On Facebook: <https://www.facebook.com/BorzoiVideos/> • Website: <http://goto-hwl.com/VideoSales.html>

For examples of how you can utilize these videos: <http://savladaai.ca> - see individual dog pages

Brought to you by Helen W. Lee, Savladaai Borzoi . savladaai@mac.com • 250-851-1478

Calling All CHIC Borzoi!

Does Your Borzoi Have a CHIC Number? Great! You Can Win \$200!

If your dog has a CHIC number and wins Best of Breed, Best of Opposite Sex, or Best in Triathlon at the BCOA National, you win \$200! And if your puppy wins Best in Futurity at the National and both parents have their CHIC numbers, you also win \$200!

This CHIC Award, initiated in 2005 to honor Dr. Asa Mays, recognizes breeders who test their dogs and are willing to share those results — good, bad or equivocal — with the public.

If you choose, you can also include these two **OPTIONAL** test with your CHIC:

- Hip Dysplasia with an OFA hip evaluation or a PennHIP evaluation.
- Elbow Dysplasia using an OFA evaluation.

Remember, normal results are not required for a CHIC number. What is important is the willingness to share screening results openly with other breeders in

the OFA database — thus helping all breeders make informed decisions for the betterment of the breed.

Once all required screening tests are submitted, processed and placed into the OFA database website, your dog will automatically received its CHIC number. Go to www.ofa.org for more details for each of the above listed tests.

How Can Your Borzoi Who is DM Clear by Parentage Get a CHIC Number?

If your dog's sire and dam are both registered with OFA as DM "Clear" your dog does not need to be tested for DM to get a CHIC number. However, you must officially register your dog as "Clear by Parentage" in order to get a CHIC number. Once this is done and the information appears on the OFA website, your dog will get a DM clearance number with the suffix of CBP

(clear by parentage). The CHIC number will automatically be awarded at that time.

Only the offspring of DM-tested clear dogs can gain an OFA DM clearance without testing. Second generation dogs from four OFA DM Clear grandparents and OFA "Clear by Parentage" parents must be tested for DM to gain an OFA clearance and a CHIC number.

The webpage <https://www.ofa.org/clear-by-parentage> has information on the OFA's Clear by Parentage policy. This page also discusses how to register a dog who is clear by parentage in order to obtain a CHIC number.

Start now so your Borzoi will be ready for those big wins at the 2017 BCOA National!

How Can Your Borzoi Get a CHIC Number?

First, your Borzoi must have some form of permanent identification such as a microchip or a tattoo.

Next, your Borzoi must have the following four screening tests recorded with the Orthopedic Foundation for Animals (OFA), with all results shared with the public:

- Eye screening by board certified veterinary ACVO Ophthalmologist using the OFA screening protocol.
- Autoimmune Thyroiditis screening through an OFA approved laboratory.
- Cardiac screening using the OFA screening protocol (now the Advanced Cardiac Database).
- Degenerative Myelopathy (DM) DNA screening through OFA.

***Aristocrat* Mission Statement**

The Aristocrat is the official publication of the Borzoi Club of America and is published quarterly in order to inform, educate and entertain the members by providing historical and current information on the Breed and issues affecting the well-being of our Borzoi.

Statement of Intent:

It is the intent that the Aristocrat:

- Serve as a record of BCOA and its activities
- To provide a convenient forum for the reporting of statistics on the accomplishments of the members in conformation and performance events.

Policies

- Deadlines for submission of material for the Aristocrat are February 15, May 15, August 15 and November 15. A separate Specialty issue may be offered so that the results can be published as soon as possible after the National.
- Deadlines established by the Aristocrat Committee will be strictly adhered to.
- The right to reasonably edit all material or refuse to print material thought to be questionable or not in the best interest of the breed or Club is reserved by the Aristocrat Committee and the Editor.
- Only signed letters or articles will be accepted for use.
- Only Borzoi-related artwork will be utilized for the cover of the Aristocrat. If artwork is not available for a particular issue then the Club Logo shall be utilized for the cover.
- The following material will be published in the Aristocrat issue immediately following the National Specialty:
 - o Photos of the recipients of the Annual Awards in:
 - ☐ Conformation
 - ☐ Best Opposite Sex in Conformation
 - ☐ Obedience
 - ☐ Open Field Coursing
 - ☐ Lure Coursing
 - ☐ LGRA
 - ☐ Breeder of Top Conformation Borzoi
 - ☐ Top Junior Showman
 - o Photos of the Specialty Conformation and Performance Winners
 - o Judge's critique of Conformation classes
 - o Catalog pages and performance results
 - o Candid photos as available

Guidelines

- Articles submitted by BCOA Committee Chairs will be included as available
- Any claims or statements by writers in the Aristocrat represent their own opinions and are not necessarily those of the Aristocrat Committee or the Officers and Directors of the Borzoi Club of America.
- All content is subject to the final approval of the Aristocrat Committee.
- Results and photos from BCOA Trophy Supported entries will be included as provided by the TSE Show Chairman.
