NEW TITLE HOLDER

NEW DUAL CHAMPION

DC Mielikki Gett Off SC TKN CGC SGRC3

After handling Kissy to RWB at the national, our favorite junior handler told us "I'm going to finish her!" And Raina was right. Kissy finished in her next three shows, with a total of 4 majors, including 3 BOS over specials! Thank you, Raina and her wonderful mama, Kari!

Stirring it up @ the Jambalaya Cluster!

This year's Louisiana BCOA TSE was slim due to show dates falling immediately after the National. Nonetheless, our small group had a wonderful time! Special thanks to the Baton Rouge and Northlake Kennel Clubs for their many courtesies and to Julie and Marty Bergen for their cheerful and willing help. See you next year! —Veni Harlan, BCOA TSE Chair

NEW TITLE HOLDER

ATT

Oxota I Am The Storm, JC, ATT

“Halle-Houdini” is the 5th Borzoi to earn the AKC Temperament Test, a few minutes after her sire became the 4th. She has had a busy year so far, placing second in big classes at Nationals - and winning BOB in lure coursing! She also has an ASFA 1st place. We look forward to lots of fun together.

BCOA 2021 Obedience Rankings

for BCOA member-owned Borzoi, January 1 to June 30, 2021

Corrections to Dean Eelman, dkeelman@att.net

To be included in the report, the first person listed as the dog's owner by the AKC must be a BCOA member. To be ranked in the Top 5 dog list at the end of the year, a dog must have at least 3 Qualifying Scores from any Obedience class. Scores for each class will be multiplied by a factor based on level of class difficulty and all Qualifying Scores will be averaged for that dog. The factors are as follows: Beginner Novice – 0.8; Preferred Novice – 0.9; Novice – 1.0; Graduate Novice – 1.1; Preferred Open – 1.2; Open – 1.3; Versatility – 1.3; Graduate Open – 1.35; Preferred Utility – 1.4; and Utility – 1.5. Only 1 score is needed to be ranked #1 in any particular class at year's end. Exceptions to these rules are to be voted on individually by the BCOA Board of Governors and reflected in the Board Minutes.

The Summer and Fall Aristocrat report will consist of a list for each of the all Obedience classes with qualifying entries with the dogs' name in alphabetical order and their real average score. In the Winter and following year's Spring edition, each Obedience class will list the dogs in weighted average score order. In addition, the Winter and following year's Spring Aristocrat editions will list the top 5 dogs in weighted order for those dogs having 3 Qualifying Scores in any class or classes.

New Title Holders published to July 2021

Submitted by K.C. Artley, kcartley@earthlink.net

The following data is provided electronically by the AKC to BCOA. After formatting the file and removing the owner's address, I add the ROM titles, and the titles for the organizations that BCOA recognizes (ASFA, LGRA, etc) from those organizations' websites. Format for the *Aristocrat* is Name, Sex, Registration number, Date of Birth, Color, Sire, Dam, Breeder, Owner, Date title finished.

Musings Brought On By The 2021 CHF AKC Parent Club Health Conference

At this year's CHF AKC Parent Club Health Conference, one area of focus was heart disease. There were four presentations.

- An update on Genetic Evaluation of Labrador Tricuspid Valve Dysplasia and Boxer ARCV by Kathryn Meurs, DVM PhD DACVIM (Cardiology)
- The Role of Echocardiographic Exam in Screening for Myxomatous Mitral Valve Disease in Cavalier King Charles Spaniels by Michele Borgarelli, DVM, PhD, DECVIM-CA (Cardiology)
- Congenital Heart Disease in Dogs by Samantha Kovacs, BS, DVM/PhD Candidate (Mentor Joshua Stern, DVM, PhD, DACVIM (Cardiology))
- Chagas Cardiomyopathy in Dogs Infected with Trypanosoma cruzi by Ashley Saunders, DVM, DACVIM (Cardiology)

One of the takeaways from these presentations was the importance of using an echocardiogram instead of auscultation for the cardiac screening of adult breeding candidates. With Tricuspid Valve Disease, Myxomatous Mitral Valve Disease, Subvalvular Aortic Stenosis, and Pulmonic Stenosis, mild variants and early stages of disease can be undetectable with auscultation but can be identified with an echocardiogram. These subclinical cases can pass the gene on to their offspring, so it is very important that breeders make sure to seek the correct types of screening tests for their dogs so they can make sound breeding decisions.

Even though mildly affected dogs with congenital cardiac problems will be missed, auscultation is the ideal way to identify heart defects in puppies. Dr Meurs stressed that because of the inherent natural variations in measurements in growing puppies across ages and breeds, there is a danger in doing echocardiograms in puppies. In the case of tricuspid valve disease, the errors caused by the measurement variations in puppies can lead to false positives. This is why recommendations for echocardiograms start at 1 year of age. Until then, auscultation is the best way to screen puppies. Echocardiograms are best for screening adult dogs 1 year and older for cardiac disease.

Also of importance to Borzoi lovers was the information about the nature of cardiac disease genes and gene tests.

Cardiac diseases tend to be very pleomorphic. In other words, there are many different genetic mutations that can cause the same clinical disease. So, just because X gene mutation causes DCM in one breed, the chances of it causing DCM in another breed is very small. Also, a breed can have more than one gene that can cause a particular type of heart disease. This makes it important for breeders and fanciers to understand that if we find a gene that causes a heart disease in Borzoi, that new discovery may not explain all the cases, as there may well be another causative gene in the breed for the same illness. We have seen this in Doberman DCM, Boxer ARVC (Arrhythmogenic Right Ventricular Cardiomyopathy), Labrador Tricuspid Valve

Dysplasia, and even Degenerative Myelopathy. It can be disappointing to discover that a gene test does not give us all the answers, but the study of genetics is highly complex and the more we learn, the more complex it seems to be. Do not let such a finding discourage you. Understand that this is to be expected. Also, dogs can inherit more than one of the causative genes for a disease. In the case of Doberman DCM, dogs who are unlucky enough to inherit both types of genes for DCM tend to have a more serious disease progression than those who inherit only one.

When dealing with genetic tests, one must understand that what that test will tell you is the level of risk that dog has for getting the disease. As Dr. Meurs stated in her presentation, nature is never 100% anything, so 100% of dogs with a gene will not get the disease 100% of the time. The reason for this has to do with two very important concepts to understand: Penetrance and Expression.

Penetrance refers to the proportion of individuals with the gene for a trait or disease who demonstrate that trait phenotypically (physically discernible) or have the clinical manifestation of the disease (can be diagnosed). Not all dogs with a disease gene will be diagnosed for that disease. In many inherited diseases, penetrance is likely to range from 20–80%, depending on the disease. In cases where the penetrance is low, most dogs with the gene will never show symptoms of the gene, yet they can pass on the disease if bred, or even produce offspring with the disease. In cases where the penetrance is high, most dogs with the gene will show symptoms of the disease, but there will still be a few who do not. Those dogs are like Typhoid Mary, unwittingly passing on disease wherever they are bred. We are familiar with incomplete penetrance with the DM (Degenerative Myelopathy) test. Some dogs who are at risk do not get the disease before they die, even if they live to old age. Do not think this means that the DM test is somehow faulty, because not all dogs who are at risk of developing DM ever have symptoms. This is just how penetrance works. If you have your tests done through a reliable lab, then be assured that dog does have the gene but just lucked out when it came to the game of risk roulette. Other dogs will not be so lucky.

Another important thing to realize is that geneticists do not understand what causes variable penetrance. Once they thought that perhaps it had to do with environmental factors or protective genes that prevented the pathology from developing. However, in a study using mice with a genetic disease known to have incomplete penetrance, bred to be as genetically identical as possible, and raised in as identical environments as possible, a penetrance of only 70% occurred. What this suggests is that until a cause for incomplete penetrance is found, there is no value in breeding affected dogs who do not demonstrate the disease. They will not confer extra protection to their offspring. You cannot take these dogs and breed for a "resistance" to the genetic disease or a delayed onset for the disease. Using frozen semen from a dog who tested as at risk for DM, yet died at 13 without ever showing signs of DM is exactly

Continued on page 25

like breeding a dog who had to be put down at 7 because he was dragging his lower body trying to run and play with his friends due the ravages of DM on his spinal cord. There is no difference.

Genetic expression is the degree to which an individual with a gene will express or show the results of that gene's action. So in the case of a disease that is caused by a single gene, if the disease has a variable expression, some dogs with that gene will have an imperceptible to mild form of the disease, whereas others may have a severe disease. This occurs in SAS (Subaortic Stenosis) in Newfoundlands. Some dogs are badly afflicted by this disease, while other dogs will live their lives with no one knowing they are affected unless someone does an echo on them.

Just as with penetrance, the important thing to realize with genetic expression is that all the dogs with the gene, even those with a mild or imperceptible case of the disease, still have the gene they can pass on to their offspring, and suddenly those offspring are on the roulette wheel of risk again. Which one will get a severe case and die an early death, and which one will get a mild case and live a long and healthy life? No one knows until it is too late. This is what happens in SAS found in Newfoundlands. Dogs with SAS that are completely asymptomatic and only identified through an echo have produced severely affected offspring. While the causes of genetic expression are better understood in some cases than the causes of penetrance, these causes vary. In some cases, it might be a difference in the mutation; in others it may be due to other causes that would be very hard to select for without a concerted and cohesive effort breed-wide. Until more is known about what causes variable expression in that population with the genetic disease, in the case of genetic expression it is best to be just as wary of dogs with the gene but with mild symptoms as one is with a severely affected dog.

Penetrance and expression are concepts that are extremely important to understand as we approach a time when we may start getting more DNA tests for diseases other than DM. When it comes to Holter testing, we are already running into misunderstandings of these concepts.

I have heard rumblings about how a dog with a perfect Holter dropped dead. Sometimes these rumblings suggest that the cause must be from something other than a heart problem. Sometimes these rumblings suggest that Holter testing is useless. Those who have read the summary of the Holter findings in the Summer edition of the Aristocrat will see that indeed a dog with one Holter test who had less than 10 single ectopic beats did die very suddenly and unexpectedly. But this neither proves that the Holter tests are useless nor that the dog died of something other than some form of heart disease. There are two things that could be at play here: The nature of arrhythmias and penetrance.

The Holter tests only look at the heart's rhythm during the time the test is ongoing. One of the reasons we do a 24-hour Holter test instead of the much easier and less annoying ECG is because certain types of arrhythmias are very capricious. A dog can have

a series of extremely dangerous fast runs and then show only a handful of single ectopic beats for the next three days. Sometimes these arrhythmias only occur during certain activities, emotional states, or health conditions. Some arrhythmias only occur with any kind of consistency during certain age ranges. Sometimes the arrhythmias are just irregular in occurrence. This is characteristic of inherited channelopathies—disorders of the heart's electrical system. There is a possibility that there is some form of inherited channelopathy in Borzoi as we have had several older dogs with significant arrhythmias who continue to have normal echos and we have had old dogs die of sudden death who showed no cardiac or other abnormalities when necropsied. These findings are suspicious for channelopathies. This is why we initiated Phase 2 of the Borzoi Arrhythmia Project—to find arrhythmias that will help Dr. Gelzer identify the cause of sudden death.

Bottom line, the Holter tests are informative. They do give breeders information. Do not let the lack of a definitive, black-and-white answer cause you dismay or lead you to distrust the test. We are just dealing with a capricious adversary that requires persistence and determination to catch.

The second thing at play with the Holter results may be penetrance. Some channelopathies have a penetrance of 20%. This means that only 20% of the individuals with the causative gene will die suddenly or show one of the less frequent symptoms like collapse or fainting. All others, 80%, will appear perfectly healthy and can indeed live long and healthy lives. Despite that, these dogs can and will pass the gene on to their offspring, some of whom will bring their owners the unimaginable grief of having a seemingly healthy dog drop dead without warning.

If we do have a channelopathy in our breed, and are able to get the information needed for a genetic test, penetrance will be much more important for everyone to understand. Even so, we may be seeing its effects now with the Holter data we currently have.

The bottom line is that breeders will never become a thing of the past. We will always need people who understand the art of breeding because there will never be anything that will 100% reliably tell us which breeding pair will be best. Human judgment remains paramount. However, what current and future breeders have that those in the past did not are tools to help them have a better understanding of what deleterious genes each dog in a breeding pair might have. Just as with conformational decisions, the goal with breeding for health is to avoid matching up a healthy dog and a healthy bitch with the same disease genes. Health screenings, Holter tests, and genetic tests can help breeders do just that.

Remember, if you want healthy dogs, you must select for healthy dogs in every single breeding. §

NEW TITLE HOLDER

GCH

DC GCH RunTuff RiverRun Wild Black Betty SC

“Betty” finished her GCH with 7 majors. My first BBE CH, DC, and dam of the CRAYOLA COLORS and PIE litters, she has done everything we’ve asked - albeit in her own way. Next up: working on that coveted VLAA.

A memory, now that I am not breeding

*Submitted by Chris Swilley, Renaissance Hounds, est. 1984
(originally posted Sept. 2018)*

My rant for this week, or this month, or this year. Long. If you are thinking about breeding dogs...

I've been trying, not very successfully, to think of a way to talk about this subject without sounding like either a know-it-all or a weary, old has-been telling the same old tired story about how hard it is to be a breeder. So I'm taking a detour.

My husband and I owned and operated a successful manufacturing business for about fifteen years. The investment money dive that took place after 9/11, coupled with our own mistakes in responding to that, caused us to close our doors. During the good years that came before, we worked closely with the Small Business Development Center in Iowa in growing our business, and in our later years they often asked me to participate in mentoring programs for other new entrepreneurs. I was often asked if I would recommend starting a new business, and my answer was always "No!" It is a harrowing experience, exciting and stimulating, but very stressful and not for the weak of mind, heart or energy. It requires learning a lot of new information and new ways of thinking. And it can cost you your life as you know it. I would always add that it was *very* rewarding, beyond anything you could imagine. But there would be a cost, and you could not know if you were willing to pay it until it was too late.

And thus, I arrive back at dog breeding, about which I want to say some of the same things. For anyone considering dog breeding, I would say first, "Don't!" At least not before you think deeply about what it can cost you in time, money, and heartbreak, if you are going to do it right. It looks easy from the outside, and you get to play with puppies, and people are enamored of them and of you, and you get praise and joy from many. It is *very* rewarding. But we are dealing with living things that *you* are responsible for creating, and it is a good idea to think hard before you jump into that.

If you want to breed great dogs (and you will still breed some very bad ones, no matter how much you prepare and plan), you need to do more than breed the bitch, raise the pups, and let them go to new homes. Among other things, you need to learn how to improve your chances of creating healthy, happy pups by breeding for good health. You need to guard the future of the breed by breeding for good temperament. You need to hold to the concept of the breed, and make sure they can do what they are bred for and love to do. How do you do those things?

You need to learn structure of dogs: bones and muscles and nervous system, and how they work together. You do that by research

and by looking at a lot of different dogs doing a lot of different things, in the ring and the field and life.

You need to learn pedigrees and physically go over the dogs in them whenever possible, so you know who is behind the dogs you watch.

You need to learn genetics and understand the basics of how they work.

You need to learn how puppies develop and what they need to come the closest to their full potential.

You need to be an ambassador to people who are not always kind or reasonable because once they have one of your pups, you are hostage to them – to maintain a good relationship is the best hope you have of keeping track of your pups and how they are developing. And I guarantee they will misunderstand you at times. And you need to be there for your pups if something happens in their families that requires that one of your pups needs to be re-homed, either to assist or to provide a last-ditch safety net for that dog that you created.

You need to understand that the decisions you make can impact the future of many generations, and to be weak in the face of hard choices could be damaging to many future living things. To find the balance between treasuring each of your own dogs without discounting the impact they can have on future dogs, each a precious life.

In short, you need to love the *breed* more than you love your own dogs.

No breeder does all of those things all of the time. We are human, after all, and we make mistakes and bad choices. But if you are hesitating now, wondering if you are crazy to consider it (or wondering if I'm crazy), then probably you are approaching it the right way.

Good luck, whatever path you choose. Borzoi or Silkens are worth it, dogs are worth it. My life is rich with dogs.

Chris Swilley

Breeding Borzoi since 1991; Breeding Silkens since 2001

And I can't quite give it up yet, although I have tried. Did I mention it is addicting? 😊

...and *still* fighting the urge to get back into it.

From The BCOA Archives

Showing Borzoi in 1956

Compiled by KC Artley. Sources: The AKC Gazette, The BCOA Aristocrat, BCOA minutes, BCOA pedigree books, show catalogs, and Riders of the Wind written 1956-1963 by Mary Tavinier. Our thanks to Lena Tamboer for giving BCOA many of these magazines and catalogs.

I. Borzoi Registrations and Show Entries

There were 151 Borzoi registered in 1956, compared to 153 Borzoi registered in 1955. Borzoi were ranked in 70th place out of 112 breeds. Per an AKC report, in 1956 there were 668 Borzoi entries in conformation shows, ranking Borzoi 51st out of 112 breeds. There were 411 all-breed shows, 317 specialty shows, 410 obedience trials, 592 field trials and 20 tracking tests.

Point Scales

In May 1956, the country was divided into five regions: East/North, South/West, the Pacific Northwest (WA OR ID MT UT WY NE ND SD), California and Hawaii. For all regions, the points for Borzoi were set at the minimum: 2 dogs or 2 bitches for 1 point. 3 dogs or 3 bitches for 2 points. 4 dogs or 4 bitches for 3 points. 5 dogs or 5 bitches for 4 points. 6 dogs or 6 bitches for 5 points.

Per a BCOA report, Borzoi were eligible to compete in 405 shows and were entered in 193 of them. They placed Group 1 seven times, Group 2 twelve times, Group 3 eighteen times and Group 4 eleven times.

Ch Black Falcon of Twin Elms (D) owner Mrs Nellie Wood Hilsmier, won BIS at Mattoon IL Sept 1, 1956. He also won Group 1 seven times, Group 2 seven times and Group 3 six times. Ch Boi of Rolling Meadows (D) owner Mrs John Lindsay won one group 2 and one group 4. Dimitri of St Etienne (D) owner M C Burnichon won one group 3 and one group 4. Ch Dimitri of Vala Rama Farms (D) owner Charles Connally won one group 4. Ch Gotchina of Grador (D) owner Miss Dorothy Harris won one group 4. IV. News (club news, litters, Borzoi purchased, wins

The BCOA meeting minutes, written by secretary Erma Denton, have been summarized and combined with Erma Denton's comments about the meetings' topics in her *AKC Gazette* columns.

BCOA annual meeting February 14, 1956 at the Hotel Piccadilly in New York City. The mailed in ballots were tallied. Elected were president Arnold J Brock of Scarsdale NY, first vice-president Weldon J McCluskey of Woodbury NJ, second vice-president Mrs William H (Marion) Woodcock of San Gabriel CA, secretary-treasurer Mrs Lawrence (Erma) Denton of Upper Montclair NJ, delegate to the AKC Chester A Adee, board of governors, Clarence R DeCraene, Sr., of Hazlet NJ, Donald P Knode of Queens NY, Mrs Jeanette Whisler of Manassa Va, and Mrs Grace J Dusenbury, of Livingston NJ. Mr. and Mrs Oliver Alden of St Thomas Virgin Islands have resigned. Mrs Alden, formerly Dr Virginia K Mauer, was the BCOA president in 1954. The following applications were approved: Mrs Russell (Cleoh) Everhart of Ann Arbor MI, Mrs Albert (Lorraine) Groshans of Emmaus PA, Mrs Elizabeth Tamboer of Patterson NJ and Mr. Bernard D/ Essen of New York NY. Chester Adee chairperson of the revision of the Constitution and By-Laws presented the new Constitution for consideration. Copies will be mailed to all members, asking for comments. Mr. McCluskey, editor of the Bulletin, stated that he needs information from the members. Mrs Denton reported that two chapters of the Borzoi book have been completed. Last year, the Denlinger publishing company had contacted BCOA asking the club to write a book about Borzoi that Denlinger would then publish.

BCOA board meeting April 15, 1956, at Mrs Denton's home. The balance in the treasury is \$917.47. A letter was read from MSgt Hugh O'Reilly of the US 27th Infantry Regiment in Hawaii (The Wolfhounds) requesting assistance in obtaining as a gift, a Borzoi as a mascot for this regiment. Mr. DeCraene offered one of his male Borzoi for this purpose. Mr. Donald Knode was appointed to handle all arrangements for the presentation of this gift. "No other breed has been so highly honored as the Borzoi by its association with this regiment and the board felt it a privilege to be able to grant this request." The board approved a \$25 donation to Cornell University Research Laboratory for Diseases of Dogs. Mrs Denton read the chapter on the History of the Borzoi, which the Board approved, for publication in the BCOA book on the Borzoi. Membership applications were read and approved for Col Stedman Shumway Hanks of Locust Valley NY, Leslie G Kaufman of Huntington Valley PA and William H Woodley c/o Walt Disney Productions, New York City. Col Hanks is the son of the late Charles Stedman Hanks, the first American to import Borzoi directly from Russia, when he and his wife vis-

ited a cousin, Major General Henry T Allen, Military Attache at the American Embassy in Russia in 1889. Mr. Hanks' kennels, Seacroft, were located in

Manchester By The Sea MA, and since his death the affix has been registered to Colonel Hanks who plans to resume Borzoi breeding and exhibiting. Mr. Kaufman was a member of BCOA several years ago. He owns Med O Lands Petrova. Mr. Woodley is new to the breed.

A brief history of "The Wolfhounds" regiment, written by Mrs Denton in her *Gazette* columns: Mrs G Clifton Potter, Alpine kennels Stockton CA, sent Ch Saturn Petrovitch of Alpine, "Doc", to Hawaii. This was in response to the request from the US 27th Infantry Regiment "The Wolfhounds", requesting assistance in obtaining as a gift, a Borzoi as a mascot for this regiment. "Doc" will be renamed Kolchak III. While in quarantine, in Honolulu, the Borzoi was visited every day by his handler who groomed and exercised him. Organization Day of The Wolfhounds is May 2. It was custom for Kolchak to be in the parade, leading the two standard bearers each of whom holds a leash fastened to Kolchak's collar. Mrs Potter received a twelve foot long paper signed by the more than one thousand men in the regiment, thanking her for the Borzoi. This regiment earned their nickname when they were sent to Siberia in August 1918 as part of the Allied Expeditionary Forces. The regiment fought several major battles in this cold, bleak land, often substituting brilliant tactics for lack of sufficient ammunition. The outcome was victory, glory and commendations, but the finest tribute came from their adversaries, the Bolsheviks, who compared their advances to the fleetness and tenacity of the Borzoi's wolf fighting ability, and called them "The Wolfhounds". In 1952, the Department of the Army officially recognized this nickname. The regiment's Kolchak The First (Volchok x Volga VII) was whelped Jan 30, 1929, a white dog with tan ears, bred by Mrs C. T. J. Kufferath in Honolulu. Once owned by Norris A Wimberly, the Borzoi was given to the regiment on Sept 15, 1929. Kolchak II, originally Alexander Woronzova, was presented to the regiment April 12, 1940. Shirley Temple was made an honorary colonel of the US 27th Infantry Regiment when she was a little girl and frequently was photographed with Kolchak II. Some of these pictures are in one of the annual records books issued by this regiment.

BCOA board meeting June 28, 1956, held at the office of Arnold Brock in New York City. Present were Mr Brock, Mr McCluskey, Mr Adee and Mrs Denton. There have been some comments received by Mr. Adee about the proposed new Constitution that was mailed to the members in March. These suggestions have been incorporated into a new draft Constitution. Copies will be sent to the members before the February 1957 annual membership meeting when the Constitution will be voted on. It was agreed that each article in the proposed new Constitution would be voted on separately. New members approved were Mrs Richard (Ethel) Bromley of Hudson Falls NY, Mrs Helen B Colstad of Portuguese Bend CA, Howard G Anderson of New York City, Mrs C Raymond DeCraene Jr of

Keyport NJ. Both Mrs Bromley and Mrs Colstad have owned and bred Borzoi for a number of years. Mr. Anderson is showing Donaj v Schurtannen bred by Peter Kaurps of Germany. Mrs DeCraene and her husband have two German bred Borzoi.

BCOA board meeting September 9, 1956, held after the specialty show, with Mr Brock, Mr McCluskey, C R DeCraene Sr and Mrs Grace Dusenbury present. It was approved to hold next year's specialty with the Westchester kennel club. The bench show committee will be Weldon McCluskey and Clarence R DeCraene Sr. Nominating committee Clarence R DeCraene Sr., Mrs Dusenbury and Weldon McCluskey. Mrs C Raymond DeCraene Jr. will be asked to plan a dinner for members after the annual membership meeting next February. New members approved were Mr & Mrs Robert E Beck and their daughter Miss Karen Beck, Livingston NJ. Their son, Robert G Beck has been a member for two years.

BCOA Board meeting December 14, 1956, held at the office of Arnold Brock in New York City. Present were Mr Brock, Weldon McCluskey, Chester Adey, Mrs Erma Denton, Clarence R DeCraene Sr., Donald Knode and Mrs Grace Dusenbury. Balance in the treasury is \$947, and Mr DeCraene motioned that \$500 be moved to a savings account to get the 3% interest. It was approved to give the same annual specials in 1957 that were awarded in 1956, subject to AKC approval. The letter to the AKC stated that "the Borzoi Club of America offers to Members only, to be competed for during the year 1957, the following Annual Specials - Sterling Silver Trophy For Best of Breed, Sterling Silver Trophy For Best of Opposite Sex, Sterling Silver Trophy for Best American Bred. Best of Breed Trophy will be awarded to the owner of the Borzoi, dog or bitch, accumulating the greatest number of points (AKC rating) by virtue of being placed Best of Breed or higher. If the dog or bitch awarded Best of Breed is already a champion of record, that dog or bitch will be credited with the number of points it would have been awarded had it been entered in a regular class. Best of Opposite Sex Trophy will be awarded to the owner of the Borzoi, dog or bitch, of opposite sex to the Best of Breed winner, accumulating the greatest number of points (AKC rating) by virtue of Opposite Sex awards only. If the dog or bitch is already a champion of record, it will be credited with the number of points it would have been awarded had it been entered in a regular class. Best America Bred Trophy will be awarded to the owner of the Borzoi, dog or bitch, placing first in the American Bred Class the greatest number of times. In case of a tie, championship points acquired by virtue of these awards during the year, will determine the winner. The above Specials, offered at all shows held under AKC regulations are void if won by dog or bitch owned by non-members." The nominating committee presented their report. Mrs Denton reported that all chapters of the Borzoi book are done, except for the chapter on The Breed in Foreign Countries. Mr and Mrs R A E Herbold have resigned. Mr Richard Herbold served BCOA as secretary-treasurer 1946-48, governor 1949-50, president 1951-52 and delegate to the AKC 1947-55. He owned the Best In Show winner Ch Khan of Romanoff. New memberships were approved for

Miss Harriet Crane, Montclair NJ, Miss Lena S Tamboer, Paterson NJ, and Miss Jessie Hamersma, Midland Park NJ.

Mrs Denton reported that BCOA has 70 members, including 2 life members. The Club Bulletin edited by Weldon McCluskey was issued 5 times during 1956. Mrs Erma Denton's column appeared in all 12 issues of the AKC Gazette.

BCOA Award Winners

The 1956 BCOA awards (presented at the February 1957 membership meeting) were Best of Breed Ch Valia of Tam-Boer, owned by her breeders Leonard and Elizabeth Tamboer. Best American Bred Ch Elena of Tam-Boer, owned by her breeders Leonard and Elizabeth Tamboer. Best Opposite Sex was void for 1956, because the winner, Ch Miss Jet of Sleeping Bear, was owned by a non-BCOA member, Mrs Mae Blanton.

Borzoi Club of California

The Borzoi Club of California's election was held April 14, after the specialty. Elected were president Mrs Marion H Woodcock, San Gabriel CA, Vice-president Mrs Marjorie Kelley of North Hollywood CA, secretary-treasurer Mrs Mae Blanton of Sunland CA, Northern Director Mrs G Clifton (Bobbie) Potter of Stockton CA, Southern Director James E Forry of Topanga CA. The club has 35 active members and 23 associate members. Later in the year, Mrs Potter resigned due to ill health, and was replaced by Mrs Dixie Bilodeau of Madera CA.

General News

Zora CDX owner Miss J V Velde, completed the CDX title Jan 29, 1956 with a score of 192, the second highest score, in the open B class of 10 dogs, at the Jacksonville Dog Fanciers show. Sointse Onyat of Alpine CD owners Phydema & Lyle Gillette, earned a 188 to complete the CD title April 14, 1956 at the Sun Maid kennel club obedience trial in Fresco CA.

At Westminster, the bench was decorated with a white rug trimmed with red felt, and the four white Borzoi owned by George Mosley, wore matching red felt coats. A lot of people took pictures of those Borzoi on their bench. Visiting the show was Col Stedman Shumway Hanks, the son of C Stedman Hanks, Seacroft kennels who imported some of the first Borzoi to America. Col Hanks offered BCOA his father's Borzoi records and photographs for the book the club is compiling. Mrs Denton wrote that Lewis Godfrey, Whiskey Run kennels of Hastings MI, trained his Borzoi Rocky, to hunt and retrieve birds, obeying hand signals, and gave BCOA pictures of his Borzoi retrieving birds for the BCOA Borzoi book. Mrs Denton stated "This confirms our own opinion that a Borzoi can be taught anything, if its owner is more intelligent than the dog."

Mrs Martha L Taylor's Ch Zcerlov's Zanozo O'Perchinoff, winner of the BCOA 1955 annual award of Best of Opposite Sex, died in March 1956 of hardpad disease. Mary Taviner's English import Winjones Jewel died a few points short of her

championship. Bolshoi's Igor of Briargate owner Mrs James P Walls of Wyckoff NJ, died in the car on the way home from the Staten Island show June 24. It is thought he died of a heart attack. Ch Dostolevsky of Fleetstone, owned by Mrs Arnold J Brock, Scarsdale NY, died in the summer of 1956 at 10 years of age. He had a number of hound group wins, and was last shown at the 1955 Morris and Essex show where he won Best of Breed at 9 years of age. The English import Ch Bellona of Rydens died. She was owned by William and Marion Woodcock, who have her children in their Suntan kennel in San Gabriel CA. Mary Taviner wrote "The first post-war English import was Bellona of Rydens, a full litter sister to Balalaika of Rydens. She was bred by Mrs Stanley Young, whose affix is Rydens, of Surrey England. Rimski of Rydens, bred by Mrs Lacy-Hubert, was the sire and Olga of Lenoken, the dam. Bellona came to the States with Mrs Ashton and lived in Oregon. After Mrs Ashton dispersed her Borzoi, there were two homes and three litters of puppies. Bellona was five years old when she was purchased by Mr Woodcock as a birthday present for his wife. Mrs Woodcock had wanted Bellona long before, in fact, from the day she first set eyes on her. The Woodcocks asked but two things of her; first, to be happy as their companion and, if possible, to give them one litter to carry on her most desirable qualities, both physical and mental. It was quite a long time before Bellona realized that a trip in the car didn't mean she was once more being shifted to a new home. She did give them some lovely offspring to carry on her memory. Her last few years were spent as a relaxed and honored member of the Woodcock family."

From a letter from Mrs Carama P Chantler, Iskra kennel Shreveport LA: "Borzoi should not be a strictly commercial proposition at all. They are very intelligent, sensitive and possess distinct personalities which can only be developed by individual attention. The people who have been most successful in breeding them realize the true values of the breed can only be attained by those willing to invest serious thought, time and affection. Every serious breeder will agree that substance and stamina should be bred in our dogs as well as fine structure. There is really only one type of Borzoi, the one that meets the requirements of the Standard of the breed. Size would not be a great factor in determining type. A smaller or large dog should have the same pro-

portions, outline structure and balance that the Standard demands. The breeder has the responsibility of breeding sound dogs. The hound must move well. It cannot do so without proper running gear and to attain this it must have a balanced fore and aft angulation, plus proper feet to carry the load, and strong muscled hindquarters for driving power."

In October, at the San Fernando show, 14-year-old June Forry won first in the seniors girl junior showmanship class, and then best girl handler, with Lady Beth Marlou of Marbob (owned by Arthur E Sweet). Ch Zonazo Perchinoff CD and Ch Karloff Perchinoff CD have appeared in TV shows and movies, like the Paramount black and white movie "The Buster Keaton Story." They are owned by James and Elizabeth Forry and their daughter June Forry of Oakshade kennels, Topanga CA. The Forrys' Borzoi also appeared on the "Oh Susannah" TV show with actress Gale Storm. The Borzoi who appeared on the Milton Berle TV show was Mrs Marion Woodcock's Ch Suntan's Mythe Maxim of Alpine. Ch Zinaldi Perchinoff finished his title in June, owner Mrs Forest (Eva) Griffeth of California. He later was shown in Canada and finished that title in 3 consecutive shows. He appeared in the movie "To Catch A Thief" with Cary Grant and in "So This Is Paris" with Tony Curtis. Mrs Grace Dusenbury and Clarence R DeCraene Sr have had their Borzoi on several TV shows filmed in New York city.

Mrs George Buckley, Pipersville PA, has gotten her first Borzoi, 3 puppies ranging in age from 4 to 7 months of age. Mr and Mrs Benson Saler have returned to Philadelphia from Bavaria with a German Borzoi called Fedja. Mrs Grace Dusenbury purchased the white and fawn Nicholas Siberius. At the same time, a 4-month-old white litter sister was acquired by Miss Harriet Crane, Montclair NJ. The pups were born June 6, 1956, bred by Elizabeth Allison, sired by Vigow of Romanoff II out of Alcyone Delves. Some years ago, Miss Crane owned and bred Borzoi from the Glenwild kennels of the late Mrs Cluxton of Chicago. After owning and exhibiting several other breeds, Miss Crane has returned to Borzoi. §

***Aristocrat* Mission Statement**

The Aristocrat is the official publication of the Borzoi Club of America and is published quarterly in order to inform, educate and entertain the members by providing historical and current information on the Breed and issues affecting the well-being of our Borzoi.

Statement of Intent:

It is the intent that the *Aristocrat*:

- Serve as a record of BCOA and its activities
- To provide a convenient forum for the reporting of statistics on the accomplishments of the members in conformation and performance events.

Policies

- Deadlines for submission of material for the *Aristocrat* are February 15, May 15, August 15 and November 15. A separate Specialty issue may be offered so that the results can be published as soon as possible after the National.
- Deadlines established by the *Aristocrat* Committee will be strictly adhered to.
- The right to reasonably edit all material or refuse to print material thought to be questionable or not in the best interest of the breed or Club is reserved by the *Aristocrat* Committee and the Editor.
- Only signed letters or articles will be accepted for use.
- Only Borzoi-related artwork will be utilized for the cover of the *Aristocrat*. If artwork is not available for a particular issue then the Club Logo shall be utilized for the cover.
- The following material will be published in the *Aristocrat* issue immediately following the National Specialty:
 - o Photos of the recipients of the Annual Awards in:
 - ☐ Conformation
 - ☐ Best Opposite Sex in Conformation
 - ☐ Obedience
 - ☐ Rally
 - ☐ Agility
 - ☐ Open Field Coursing
 - ☐ Lure Coursing
 - ☐ LGRA
 - ☐ Breeder of Top Conformation Borzoi
 - ☐ Top Junior Showman
 - o Photos of the Specialty Conformation and Performance Winners
 - o Judge's critique of Conformation classes
 - o Catalog pages and performance results
 - o Candid photos as available

Guidelines

- Articles submitted by BCOA Committee Chairs will be included as available
- Any claims or statements by writers in the *Aristocrat* represent their own opinions and are not necessarily those of the *Aristocrat* Committee or the Officers and Directors of the Borzoi Club of America.
- All content is subject to the final approval of the *Aristocrat* Committee.
- Results and photos from BCOA Trophy Supported entries will be included as provided by the TSE Show Chairman.
