NEW TITLE HOLDER

ASFA FIELD CHAMPION

FC Del Sol Maverick Zoiboyz Perlova, SC, FCh

What a spectacular start as a lure courser! Maverick has tremendous lure drive and work ethic. Between July and November 2021, Maverick earned his ASFA FCh. Then he attained 4 x 1st placements towards his LCM. He is 2021's #2 ASFA Borzoi and #18 ASFA All Breed Hound. We're SO proud of this sweet boy.

"Connor" finished his Grand Championship in November of 2021 as a Veteran. He received all points but six after he was 10 years of age. Along the way, he received an Award of Merit at the 2021 BCOA National Specialty from the 10 & Over Veteran class under Michael Canalizo and another Award of Merit at the 2021 BCGO Specialty under Allan Reznik. Thanks again to Peri Neill, Imagine Borzoi, for encouraging me to bring him back out again. He never ceases to amaze me!

BCOA FINAL 2021 Obedience Rankings

for BCOA member-owned Borzoi, January 1 to December 31, 2021

Corrections to Dean Eelman, dkeelman@att.net

To be included in the report, the first person listed as the dog's owner by the AKC must be a BCOA member. To be ranked in the Top 5 dog list at the end of the year, a dog must have at least 3 Qualifying Scores from any Obedience class. Scores for each class will be multiplied by a factor based on level of class difficulty and all Qualifying Scores will be averaged for that dog. The factors are as follows: Beginner Novice – 0.8; Preferred Novice – 0.9; Novice – 1.0; Graduate Novice – 1.1; Preferred Open – 1.2; Open – 1.3; Versatility – 1.3; Graduate Open – 1.35; Preferred Utility – 1.4; and Utility – 1.5. Only 1 score is needed to be ranked #1 in any particular class at year's end. Exceptions to these rules are to be voted on individually by the BCOA Board of Governors and reflected in the Board Minutes.

The Summer and Fall Aristocrat report will consist of a list for each of the all Obedience classes with qualifying entries with the dogs' name in alphabetical order and their real average score. In the Winter and following year's Spring edition, each Obedience class will list the dogs in weighted average score order. In addition, the Winter and following year's Spring Aristocrat editions will list the top 5 dogs in weighted order for those dogs having 3 Qualifying Scores in any class or classes.

Zip!

I met my Zip when I came to evaluate Leigh Paintin & Sandra Moore's Go Litter at 8 weeks of age. Zip stood out to me because she had the 2:1 lumbar to thoracic spine ratio great coursers possess and she never quit chasing the flirt pole.

Her pedigree is strong for running, with her dam, DC Avalon Ww Darkskaya Dare CGC, FCh, SC, RN, VLAA, JSR, ROM-P, and her sire, BIF CH Zoiboyz Gibson SC, CGC, LCM, SGRC.

I made my pick and am so grateful she is mine.

She was Best of Breed at her first ASFA lure trial in April 2018, and won her first BOB at an ASFA International Invitational in October 2018. Zip has run fast and true from the beginning, and finished ASFA #1 for 2018. Her career continued in 2019 and she completed her LCM in March 2019. At the ASFA International Invitational, she had a first in Field Champion, but didn't beat the hot young open dog for BOB. She barely missed being ASFA #1 for 2019 by 2 Bowen points, mostly due to my error. In 2020, everything stopped, for everyone, but I still managed to get her to several trials and she finished her LCM2 in September 2020, was awarded Best in Field at the ASFA region 4 invitational in November 2020, and was ASFA #1 again for 2020. In 2021, she continued her winning ways and finished her LCM3 in July 2021, was awarded another Best in Field at a Regional Invitational in Lawrence, KS, in October 2021, and her LCM4 in December 2021, again finishing the year #1 ASFA.

Zip still loves the game, and screams to run when I am taking her out of my van.

She has dabbled in LGRA and open field and conformation showing, winning points in all venues.

This year (2022) Zip is headed to the whelping box! Fully health tested and in her prime, I hope to create more screaming lure coursing beasties, just like their dam. I am so looking forward to it!

What Price Beauty?

The Popular Sire Effect and Health

Submitted by Nancy Hopkins, Health Chair

"Look at that dog!" It has happened to all of us. You are at a show and suddenly a Borzoi catches your eye. You grab a catalog or nudge a friend, "Who is that dog?" You need to know more about that dog because that Borzoi is exceptional.

But sometimes, suddenly, you see another one with that same mark of quality, and another and another. And when you look, you find they are all sired by the same dog; different dams, but all the same sire.

Other times, it is just simply the quality of a dog itself.

Then and there, you decide, "I want to breed my bitch to that dog. I want some of THAT!"

And so a popular sire is born. Suddenly everyone is breeding to him, and if he is prepotent, you will see the mark on his get and that drives even more breedings to him and perhaps even to his sons or daughters.

But what is wrong with that? A great dog stamps his get with exceptional quality that is seen by many people. What is wrong with such a dog being used widely to improve the breed?

It all depends on what you mean by improve. If you mean improve the conformation of the breed, then we are forgetting some other equally important facets of the breed; temperament, athleticism, breeding soundness, intelligence, health. What good is a diamond that has only one exceptional facet but all the others are dull or rough? That diamond would be considered poor quality. So it is with a purebred dog. A well-bred dog of any breed is a beautiful representation of its type, has a temperament appropriate to its breed, can function at the peak of athleticism to accomplish its intended purpose, is able to breed, conceive, whelp, nurse and raise healthy puppies, has the right intelligence for its purpose, and will live a healthy, vital long life. Now that is a beautiful, well bred dog of high quality. But start ignoring any of those facets that make up that quality dog and you begin to lose the quality you once had.

Why is the phenomenon of the Popular Sire bad for the health of a breed? There are several reasons. Genetic drift is one. Every time someone breeds to a popular sire, the genes another dog has to offer the breed are not used and carried on.

And if the popular sire's genes produce prettier puppies, so what?

Remember, pretty isn't everything, it is only one facet. When dogs who would have been used are ignored because of the popular sire, their genes become rare or lost while those of the popular sire begin to dominate the breed.

No matter how wonderful that popular sire seems, no matter how healthy he is, or how long he lives, by breeding him so often

that his genes predominate the gene pool, the health of the breed is degraded. That popular sire we all love so much is carrying an estimated 5 or 6 disease genes. He won't show the effects of these genes but he will pass them on to his offspring. Oftentimes these genetic diseases are rare, so no one may realize they even exist in the breed. But once everyone breeds to this dog, suddenly these disease genes are no longer rare, they are everywhere.

At first, no one will notice until that dog's descendants are more widespread and it becomes difficult to avoid doubling, tripling, quadrupling up or more to this dog. This is when a once rare genetic ailment suddenly becomes much more common.

And all those other dogs who no one bred to because they were busy breeding to that popular sire; they have bad genes too, but they also had good genes to offer the breed. But those genes are gone, lost. No longer available to the breed. This is called genetic drift, losing genes that were once part of the gene pool.

In a breed with a small population, genetic drift happens far more easily than in more populous breeds. So for breeds like the Borzoi, a popular sire can be so much more damaging.

Another way that popular sires can damage the health of a breed is by causing the loss of Dog Leukocyte Antigen haplotypes (gene groupings that get inherited together). The Dog Leukocyte Antigen (DLA) is the part of the dog's set of genes that control the immune system. In humans it is called the Major Histocompatibility Complex (MHC) (DLA and MHC are often interchanged. I will use DLA for this article). Ideally, a breed will want to keep all the genetic variability it can in its DLA complement.

The reason to do everything we can to keep all the DLA haplotypes in the Borzoi gene pool is because there are some DLA haplotypes that are associated with disease states. If a popular sire has one or more DLA haplotypes that are associated with one of these diseases and that haplotype becomes the one most Borzoi have, then we are in a heap of trouble because how do you breed away from something when there are no other genes to select for?

The DLA, as a group of genes, are complex and can have impacts on multiple organ systems and have a role in some really nasty diseases. One recent example is a study in Great Danes that suggests that specific DLA haplotypes are implicated in Gastric Dilatation-Volvulus. Now, what is true for one breed may not be true for another even if the other breed has the same haplotypes, but this gives you an idea of what might happen if we start to lose DLA haplotypes from our gene pool until those from a popular sire predominate. Once genes or haplotypes are lost to a breed they are lost forever unless one brings in new blood from another breed. We do not want to lose any more DLA haplotypes than we have already lost, as the number of existing Borzoi DLA haplotypes is disappointing.

From The BCOA Archives

Showing Borzoi in 1961

Compiled by KC Artley. Sources: *The AKC Gazettes, BCOA minutes, BCOA secretary's letters, BCOA pedigree books 1963 and 1973, The BCOA Aristocrats, Riders of the Wind by Mary Taviner, Borzoi Champions 1952-1981 by Jan Linzy Freund, The Complete Borzoi by Lorraine Groshans, and show catalogs*

I. General (registrations, point scales, event entries)

Per an AKC report, 493,300 dogs were registered in 1961, an increase of 11% over 1960. Borzoi registered increased from 148 in 1960 to 219 registered in 1961. Borzoi were ranked in 63 place out of 115 breeds. Poodles were the most popular with 99,256 registered, followed by Beagles, Dachshunds, Chihuahuas, German Shepherd Dogs, Pekingese, Collies, American Cocker Spaniels, Boson Terriers and Pomeranians.

There were 476 all-breed shows held during 1961, with total dogs shown 258,000, a 5% increase over 1960. There were shows in all states except South Dakota. The largest all-breed show in 1961 was The International Kennel Club of Chicago with 2479 dogs shown, followed by Harbor Cities at Long Beach CA, Westminster, Santa Barbara CA, Santa Ana Valley at Anaheim CA, Westchester NY, Kennel Club of Philadelphia, Trenton NJ, Golden Gate CA, and Ventura CA. The largest breed entries, ten thousand or more, were Poodles, German Shepherd Dogs, Dachshunds, American Cocker Spaniels, Boxers and Collies. There were 897 entries of Borzoi, 21 Borzoi finished championships, and 43 entries of Borzoi champions. In 1961, the country was divided into 5 divisions for points: North & East, West and South, California, Pacific Northwest, and Hawaii. Borzoi points were the minimum 2/2 3/3 4/4/ 5/5 6/6 for all regions, except for California. For the first time, the points for female Borzoi at California shows were raised from 4 to 5 for 3 points, from 5 to 7 for 4 points and from 6 to 9 for 5 points.

Per a BCOA report, Borzoi won eight Group 1, eight Group 2, eleven Group 3, fourteen Group 4, and two Best In Show (won by Ch Bronze Falcon of Woodhill).

Half of the top 10 obedience trials were in California and the other five trials were in the greater Chicago area. The Novice A class continued to be the largest class at trials, reflecting the large number of new people competing in obedience for the first time. The largest trial was the Hollywood Dog Obedience club's trial, May 7, 1961, which had 358 dogs shown. It took 3 judges for the 120 dogs competing in Novice A, 1 judge for the 45 dogs in Novice B, 2 judges for the 73 dogs in Open A, 2 judges for the 88 dogs in Open B, and 2 judges for the 68 dogs in Utility. The most popular breeds at obedience trials were Poodles, German Shepherd Dogs, Collies and American Cocker Spaniels. Per a BCOA report, there were 11 Borzoi earning 27 qualifying scores, with 6 finishing CD titles.

WHAT PRICE BEAUTY? CONTINUED FROM PAGE 31

Let's look at a real dog for a moment. This is the case of a bitch who I was acquainted with. She (we will call her Willow) was born in the 1980s and had one litter. Out of that litter only one pup was bred. We will call this pup Ocean. Ocean had 4 litters. Now, first, this is a bitch and Willow, with only one litter, can hardly be called a "Popular Sire," but she is an interesting case in point. Even Ocean was not bred many times. But Willow's descendants have carried at least 239 different kennel prefixes and can be found in 25 different countries that are a part of every continent except Africa. The litters that are descended from Willow cover 41 pages at a 12 point font, single spaced (On page 16, I got to 372 litters but stopped counting). There are a LOT of Willow descendants. Even though she was not a popular sire, her descendants are everywhere. It can be a challenge to find many Borzoi in the US who do not go back to Willow and as time passes, it is getting harder.

We will not go into her qualities or faults as this is a health article. But think about this, depending on your preferences, almost any breeding you think of has a very high chance of having Willow behind it. The dogs you own may well be Willow descendants. Remember that every dog, no matter how healthy or long lived, carries genes for 5 or 6 health problems they can pass on to their descendants. What 5 or 6 diseases did Willow pass on?

Willow herself had cervical vertebral instability, aka Wobbler's. She produced at least one puppy who was hypothyroid. Willow produced one or two pups that bloated. She produced a pup who had something wrong with the tooth enamel that caused it to wear away; Ocean also produced a pup with the same tooth abnormality, so this was probably genetic. In a litter where Ocean was bred to an offspring, at least two dogs in that litter dropped dead. There have been a number of sudden deaths in Willow descendants through the years. Willow died at an advanced age of metastasized mammary cancer. One of Ocean's littermates had a pre-cancerous mammary growth removed.

There have been dogs bred who have had Willow nine times in their pedigree. The people who bred these dogs I am sure did not think they were line-breeding on Willow, but they were. One can miss a lot when looking only at a 3- or 5-generation pedigree.

Of the set of deleterious genes Willow had, how many did Ocean also have? We cannot be sure, though sudden death and the soft

enamel problem were definitely passed on through Ocean. What deleterious genes have become more common because of the wide spread use of Willow descendants?

This was one bitch, bred once. Imagine now a popular sire that was bred 20 times or more. Imagine that this sire produced a dog who was himself a popular sire. Do you see how this could be devastating to a breed? Willow's descendants spanned the globe in 40 years. A popular sire with a popular sire son could do this in a few generations. Not only are some health problems suddenly going to become much more common in the breed, but some of them will be immune-mediated diseases. Why immune-mediated diseases? Because we will have lost DLA haplotypes and made many others become much rarer. The haplotypes of the popular sires will predominate, and if one of them is associated with an immune-mediated disease, well then now Borzoi will be at higher risk for that disease.

We would not realize this problem was happening at first. It would take several generations. But once people started to double up on these popular sires, the health issues would start cropping up. And people will scratch their heads because it would be like the health problem came out of nowhere. And in a way it did. The health problem was pretty rare before everyone started breeding to the same dog or dogs. Then the health problem got a lot more common and "POOF!" Suddenly a problem appears, and it is widespread.

So the next time you see that drop-dead gorgeous dog and you notice everyone else noticing him, too, go somewhere else. Or, if you are the happy owner of this spectacular dog, think deeply about how many times you will allow your dog to be used by outside bitches. Remember, you are breeding more than a one faceted beauty queen or matinee idol, you are breeding multifaceted, quality Borzoi. The well-being of the breed is in the hands of its breeders. Remember the gene pool! The breed you save may be your own.

For anyone interested in the number of DLA Haplotypes found in Borzoi, you can find the information on the report based on the Canine Diversity evaluation at the UC Davis Veterinary Genetics Laboratory at <https://vgl.ucdavis.edu/canine-genetic-diversity/borzoi>. The information about the DLA is down a few pages into the report but the entire document is a very important one for breeders to understand. §

Texas A&M Cardiology Borzoi research update

Sonya R. Wesselowski, DVM, DACVIM (Cardiology)

Dr. Sykes, Dr. Saunders and I have very much enjoyed our jump into the Borzoi world over the past year, and want to provide an update on our progress and future research goals with regard to this fantastic breed!

We have initiated both prospective and retrospective Borzoi research projects thus far. The prospective project has enrolled approximately 70 dogs to date and will allow us to create breed-specific normal echocardiography reference ranges for Borzoi and to better understand and report the frequency of cardiac diseases found in clinically healthy Borzoi. This project will culminate with Dr. Saunders and me performing echocardiograms at the 2022 Borzoi National Specialty.

The retrospective project we have initiated will allow us to compile data from veterinary cardiologists across the United States who have seen and treated Borzoi at their practices to better quantify the types and severity of cardiac disease that are diagnosed in the Borzoi breed that may require medical intervention.

Additional work that we hope to pursue includes longitudinal assessment of a subset of Borzoi to monitor mild echocardiographic changes (for example: trace or mild valve leaks) and better define whether they may be a variant of normal for this highly athletic breed (similar to what has been reported in athletic humans) versus actual pathology that may go on to progress over time.

Lastly, we have uncovered several cases of dilated cardiomyopathy (DCM) and I am currently engaged in discussions with a geneticist regarding a collaboration to search for a Borzoi-specific dilated cardiomyopathy mutation that could lead to a future genetic test for the breed, if successful. While we have a small internal grant that is funding the current prospective project, we do need to recruit additional financial support to continue to pursue the longitudinal work and the genetic research.

If anyone would like to support our Borzoi research we would gladly accept donations to our Texas A&M Cardiology Heart Trust Fund with an earmark towards Borzoi research. To donate, please visit:

www.vetmed.tamu.edu/giving/opportunities/heart-trust/
and click on the "Give now" link.

Make sure to add a note in the additional comments box at the bottom of the donation page to let us know you are donating in support of Borzoi clinical research.

You can also contact Monika Blackwell, one of our development officers,
at mblackwell@txamfoundation.com for additional help.

We look forward to seeing many of you next year in Texas!

for our 2022 Health Seminar**

IV BCOA news, regional club news, births, deaths, obedience wins, group wins, other news

Late in 1960, when Erma Denton moved to Illinois, she resigned as BCOA secretary-treasurer, a job she held for 8 years. She could no longer attend the BCOA meetings, which were always held in the greater New York City area. Weldon McCluskey took over as secretary. Erma Denton also resigned as the AKC *Gazette* columnist. In 1961 the AKC *Gazette* columns were written by Gwen Pinette, who was also the editor of *The Aristocrat*. The BCOA meeting minutes are summarized.

February 13, 1961 Annual Membership meeting held after the Westminster show at Hotel Piccadilly, New York City. Present were Grace Dusenbury, Harriet Crane, Mrs & Mrs C R DeCraene Jr., Gladys Dykstra, Kathryn Begley, Margaret Hostmann, Jessie Hamersma, Lena Tamboer, John Gamber, Clarence DeCraene Sr, Leonard Tamboer, Chester Adey, Harry Ferguson and Weldon McCluskey. There was a discussion of the Annual Awards with an agreement that a committee be formed to study changing the rules for the American Bred Award. A report was read from Mrs Lorraine Groshans, show chair for the 1961 BCOA Specialty, that Leo Murphy will be the judge. A motion was approved to hold veteran classes for Borzoi 8 years and older at this show. A report by the Exploration and Research committee, chairperson Phydella Gillette, was read and approved. The committee wants BCOA to start negotiating with the AKC to formulate rules and regulations for field trials and titles for Borzoi. The committee wants Borzoi to be tested by hunting hare, 3 Borzoi at a time, on flat open country well back from highways, much like what is being done in northern California by the Pacheco Hunt. There were 56 ballots mailed. There were opened and counted. Elected were President Mrs Grace Dusenbury, First Vice President Henry Mackh, Second Vice President: Mrs Phydella Gillette, Third Vice President:

Mrs Jeanne Sundt, Fourth Vice President: Miss Harriet Crane,

Secretary Weldon McCluskey, Treasurer Mrs Lorraine Groshans, AKC Delegate Chester Adey, Board of Governors: Burton Axe, John Gamber, Leonard Tamboer, and Miss Jessie Hamersma. Harry Ferguson asked BCOA to hold two specialties in 1963, one in the East and one in the mid west. (This was done). New member application were approved for Mrs Jennifer Drake, Vancouver B.C. Canada, and for Mrs Albert Denk, Chicago ILL. Miss Crane reported on the results of the mail poll to nominate judges for the 1962 specialty, with 17 ballots returned. The amendments to the Constitution as submitted to the membership were approved by the members, and will be sent to the AKC. Mrs Dusenbury discussed the booklet situation and stated that she was discouraged by lack of response for financial support. Harry Ferguson stated that he would like to put up a sterling silver trophy for Bred By Exhibitor wins, to be won three years for permanent possession in honor of Mrs Harriet Lindsey (who died in an auto accident in June 1961). This was approved.

March 5, 1961 Board of Governors meeting. Mrs Dusenbury, Miss Hamersma, Miss Crane, Mrs Groshans Leonard Tamboer, Weldon McCluskey and Chester Adey present. The secretary reports that the AKC approved the changes to the Constitution, which were that an additional meeting shall be held on the day of the annual specialty show with a quorum of six, and that the quorum for a Special meeting be ten. Leonard Tamboer reported that the books were audited by Harriet Crane, Lorraine Groshans and himself, and turned over to the new Treasurer. The show committee reported that the premium has been sent to Foley, and the specialty luncheon arranged. It was recommended that class structure for the 1962 specialty be set at the Specialty meeting in the spring. New members approved were Mrs Ellison D (Irmgard) Thompson Runsom NJ, Robert Curry Philadelphia and Mr Albert Groshans, Center Valley PA. Mr Adey was appointed chairman of the Amendments to the Constitution committee. The new treasurer Mrs Groshans submitted the forms for bonding at the cost of \$5.00. Mrs

Groshans was appointed chairman of the 1962 specialty at Monmouth.

May 27, 1961 Board of Governors meeting and Membership meeting. Held at the Monmouth NJ show site, after the specialty. Due to the cold wet weather, the meetings were combined. Members present were Mr & Mrs John Gamber, Mr & Mrs Groshans, Mr & Mrs McCluskey, Jessie Hamersma, Lena Tamboer, Elizabeth Tamboer, Ann Stoudt, Lydia Suchoff, Robert Bergeron, Kathryn Begley, C R DeCraene Sr., Harriet Crane, and Grace Dusenbury. Mr Gamber clarified the winning of obedience awards, saying they are to be won on the basis of AKC reports. Lena Tamboer thanked everyone for their help in providing the luncheon at the specialty, which was attended by 43 people. President Dusenbury reported that Mr Bergeron offered financial assistance with the booklet, and that she hoped it would be possible to print the booklet in 1963 for BCOA's 60th anniversary. Mid-West Borzoi Club asked for permission to hold a second specialty October 15, 1961, with the Skokie Valley all breed show. The Northern California Borzoi Club requested permission to hold their specialty October 15 at the Sacramento all-breed show. Both specialties were approved. A letter was read from *Popular Dogs* asking BCOA to pay for a picture of a Borzoi in their breed issue. A motion, seconded and passed, to not pay for this. A letter was read from Crowell Publishing advising they were revising their Encyclopedia article on dogs and wanted BCOA to furnish a black and white picture. It was moved that the picture be provided and be of a deceased dog. Mrs Dusenbury appointed a committee on this. Communication from Crowell Publishing asking for a price to state on Give-Away T.V. programs for Borzoi. The members felt that we are not in favor of giving Borzois as prizes on any TV program. Mrs Dusenbury announced the committees and their members for the year. A new committee of Kathryn Begley, Lena Tamboer, Mrs Thompson and Mrs Marion Woodcock, will study the basis upon which the Annual Awards are won, primarily the American Bred Award. Members elected were Eli Fleisher Kingston PA, Thomas Lynch Gloucester City NJ, Mrs Joanne Weaver Lawndale CA, and James Goodson, McTairie LA

September 24, 1961 Board of Governors meeting at the home of Harriet Crane. Present were Grace Dusenbury, Lorraine Groshans, Jessie Hamersma, Leonard Tamboer and Weldon McCluskey. It was moved and approved that Westminster be given a \$10 sterling silver trophy for BOB at the 1962 show. A report was read from Phydema Gillette of the Research and Exploration committee, about the information which had been requested by Mr John Neff of the AKC. 13 ballots were received and the votes were counted on the two suggested Constitutional changes. (1) "During the month of May (instead of September) the board of governors shall select a nominating committee" This passed 8 to 5. (However, the AKC would not approve this). (2) "The committee shall nominate and obtain the acceptance of at least two (instead of one) candidate for each office." This failed with 6 for and 7 against. Mrs Groshans reported on plans for the 1962 specialty and was authorized to get a table banner for use at the specialty. The board selected a nominating committee of Mrs McCuskey, Elizabeth Tamboer and Mrs Horstig. New members approved were Mary Louise Foye Montgomery PA, Claire Anderson Wheaton IL Mrs W V Denning, Forest Park GA, Anna & Hugh Ungerleider Louisville KY, D M Doubleday Cloverdale B.C. Canada, Mrs Margaret Blackford Toledo OH, and Hans Friedenthal, Canoga Park CA.

December 3, 1961 Board of Governors meeting at the home of Grace Dusenbury. Present were Mrs Groshans, Mr Gamber, Mr Tamboer, Miss Hamersma, Mr McCluskey and Miss Crane. The treasurer gave a detailed report. Balance is \$1727 in the treasury. The nominating committee gave their report, and ballots will be mailed to the membership. Mr Gamber made a motion that obedience degree winners and breed champions at point shows be awarded a certificate of achievement by BCOA with a letter from the club president acknowledging the achievement. Motion passed. Mr Gamber will get the certificates printed. Mrs Groshans reported that everything is approved for the May 26, 1962 specialty. Regarding a Borzoi shield for stationary, etc., Mrs Dusenbury had asked Mrs Groshans to contact two artists for prices, which Mrs Groshans reported on. The design is to be

the same as that originated by Mr Gamber, except instead of the running dog, it is to

be a black and white Borzoi in a standing position drawn from an old Russian print. An artist was selected to make the initial drawing. The Mid-West Borzoi Club asked to have their 1962 specialty at St Josephs Michigan June 24, which was approved. A letter was read from Mr Neff of the AKC on the amount of time it would take to approve a new Delegate to the AKC from BCOA, since Chester Adey died in October 1961. Mrs Dusenbury reported on the printing of the brochure which will include the present "Standard" and "Scale" together with a chart. Either a drawing of an old Russian Borzoi or of Ch Khan of Romanoff is to be used on the cover. New members approved were Mr & Mrs Peter (Grace) Skirka, Linden NJ, Kenneth Redmond DVM Clinton OK, Mrs Walton (Madeleine) Clement Swarthmore PA, Renee Smith Bradbury CA.

BORZOI CLUB OF CALIFORNIA SPECIALTY was June 25 at the Harbor Cities show in Long Beach. A meeting and BBQ was held after the show at the home of Fred and Joyce Butcher in Long Beach. Elected president Fred Butcher, Vice President Marion Woodcock, Secretary Betty Forry, Treasurer Helen Colstad, Directors Charles Colstad and Ed Weaver. and Kassatka of
Rancho Gabriel
CD. The BCOC

Christmas party was held at Jim & Betty Forry's home in Topanga.

BORZOI CLUB OF NORTHERN CALIFORNIA SPECIALTY show was held at Sacramento October 15, and was reported on in The Aristocrat. With 37 entries it was the largest specialty for the club. This was the fourth Best of Breed Specialty win for Ch Hollister of Rancho Gabriel, having won the BCOC specialty in 1960 along with winning BOB at 3 BCNC specialties. The theme of benching, designed by Lyle Gillette, was "The Hunt". Above the long line of black skirted benches, where Borzoi rested on black shag rugs against a background of oriental mats, were hung 15 large and matted photographs of the Pacheco Hunt in action. The pictures were interspersed with hunting horns, the hounds' colored jackets and coursing slips. Printed titles to the numbered pictures were arranged in a story sequence and handed out to the viewers. These photographs, which captured the flavor and excitement of a day in the field with Borzoi, were the hit of the entire show, causing much comment from visitors and envious glances from devotees of other breeds. After the late morning judging, the specialty committee headed by Anne Goschke invited all Borzoi exhibitors to a buffet lunch spread on tables at one end of the benching, provided by the club for the convenience of the exhibitors. The committee had also organized a series of bench marshalls to supervise the benches when exhibitors found it necessary to be absent and to give assistance with the Borzoi where needed. At the club meeting, officers were elected: president Jack Boyd, vice president Anne Goschke, secretary-treasurer Phydema Gillette, board Dixie Bilodeau, Elizabeth Dadmun, E G Johnston and Bernice Skeldon. The annual Rancho Gabriel Champion Cup was awarded by the Gillettes to Ch Lebidiska of Rancho Gabriel, owned by Mr & Mrs E E Dadmun. In addition to Sunday's hospitality, on Saturday night, Mr & Mrs L O (Genevieve) Pitcock held a buffet supper and open house at their home in Sacramento.

MIDWEST BORZOI CLUB held their meeting after their specialty show April 8, 1961. Elected were: president Mrs Villa Smith, first VP Mrs Joy Schwartz, second VP Mrs Charlotte Mackh, secretary Mrs Lawrence (Edna) Denton, treasurer Charles Miller Jr, board Henry Mackh, Eugene O'Neill, and (remaining on the board) Mrs Chester (Louise) Clark, Mrs Michael (Nellie Wood) Hilsmier, Mrs Edna Hillgamy and Mrs Clarice Adams. The club held a second specialty October 15, which was not well attended.
