With the show season coming to an end for the year, hopefully there are a lot of new champions out there to carry on the genes and produce some new ones for 2015. I know I sure have been having fun showing my puppy this past year! I was even lucky enough to snatch a major from the puppy class. Enough horsing around though because my main concern here is COLLECTING! Oh, you guessed what I’m going to write about, did ya? I know there are many avid Borzoi breeders out there that also have horses. While not the easiest collectible to find, I did manage to gather 7 for you to see!

To begin I have an uncommon old silhouette showing Borzoi freely running the field with a horse. It has lovely tones of orange indicating it is dusk. The dogs and horse were reverse painted onto the glass with the decorated cardboard backing to accentuate the scene. It measures 12" x 5"; small enough to fit in anywhere and very pretty, with a value of $20.

Russian artists create some of the most beautiful wearable art, such as this charming scene of a man on horseback with 3 gorgeous red and white Borzoi walking alongside. These pin types are made out of papier maché. I believe they are hollow, thus making them a little fragile, so you probably wouldn’t want to drop it! It measures 2¾" across and is signed HA OXOTY then Caegkoba Okcaha dated 15-03-96. It is rare that you find two painted alike as it was all in the imagination and hand painting from this artist and not mass-produced. A piece as lovely and descriptive as this should fetch around $50.

On the gaudy side comes this old carnival chalkware. These were often found at fairs and carnivals where they were given out as prizes for guessing your weight, age or occupation. It was a common sight to see these colorful statues made out of chalk, which was an inexpensive way of producing such items. However, over the years, these were easily broken and many were lost over time. As you can see, this one has a few bumps and bruises where the paint was chipped off. There are actually two Borzoi there, although they blended in the two heads that are looking backwards at Romeo and Juliet. This particular piece also came in saltstone, and was more than likely designed by Santini of Italy, mentioned later. Measuring 9" x 10", this uncommon statue is valued at around $40.

This picture is one of my all-time favorites. It was made two ways from what I understand. Mine measures 15" x 31" and shows a man on horseback greeting his lady with a pretty Borzoi barking at him, as well as showing two running Borzoi in the background. Gwen Post said the one she has does not show the two Borzoi running in the field. It is from around the 1950s and signed Gobbi. On the rare side, I value this at around $80.

This next piece is made by Santini, a sculptor born in Italy, 1910. He became an apprentice sculptor at the age of twelve. He implemented the process of combining marble, alabaster and resin leav-

Dogs must be owned by a BCOA member to be included. To be ranked #1 overall at year’s end, a dog must have at least 3 QS from the regular classes and all QS from the regular classes will be averaged for that dog. To be ranked #1 in any particular class at year’s end only 1 score is needed.

Of special note - new VST (Variable Surface Tracking) Titled Borzoi!

There have been several (at least 6?) Borzoi with tracking titles but I think this is the first Borzoi to earn a VST. CH Romanoc’s Gerhard’s Gaze Of Coburn CDX, BN, GN, JC, RAE, TD, VST, L Beisswenger

Linda Beisswenger and CH Romanoc Gerhard’s Gaze Of Coburn, CDX, BN, GN, RAE, TD, JC, earned the new AKC Variable Surface Tracking (VST) title. This is the most advanced AKC tracking title.

Karen Haberkorn and CH Paradise Spirit Me N’Bobby Mcgee, UDX, RAE, earned the new AKC Obedience Master (OM) title. The OM is earned after getting a UD by getting scores over 190 in both Open B and Utility B.

These Borzoi are the first to earn these AKC titles

December 24, 2006 - October 15, 2014

Frosty was more than his wins. He was a true gentleman and ambassador for our breed - to dogs and humans. As a fellow fancier said "He was magnificent in every way." He taught me so much about unconditional love and took me places I never thought I'd go. Then in a blink life went by, he was gone and we are left trying to move on.

Just know big dude in my heart I see you everywhere…

Tragically he passed away from a splenic tumor

BCOA is happy to offer *EXPANDED* CGC Testing in 2015!

AKC recognizes CGC as a title

Let BCOA take care of the paperwork and you get a terrific rosette, too!

We will again be offering CGC testing:
https://www.akc.org/events/cgc/training_testing.cfm

**NEW** CGCA testing will also be offered

A dog MUST have a CGC on record with AKC before taking this test.
https://www.akc.org/dogowner/training/akc_community_canine/test_items.cfm

SOME of the test items are the same but are NOT performed in a ring –
they are performed and evaluated IN PUBLIC.

There are additional items on the test, for example a brief group Sit exercise.

Periodontal disease is the most common clinical condition in adult dogs, and if left untreated could cause extreme gum damage, tooth loss and pain. By three years of age, most dogs have some evidence of periodontal disease and associated discomfort. In an effort to speed progress in prevention and effective treatment of canine periodontal disease, the AKC Canine Health Foundation (CHF) has awarded two research grants to improve the oral health of dogs.

Dr. Paola Massari, PhD, of Boston Medical Center aims to develop an effective canine periodontal disease vaccine. She believes most effective targeted interventions against periodontal pathogens will be through effective immunization, directing a dog’s own immune system to combat the bacteria responsible for disease.

Dr. Django Martel, DVM, and his colleagues at the Animal Medical Center will establish whether the use of antibiotic gel therapy reduces periodontal disease and provide veterinarians with the evidence needed for effective periodontal disease management.

According to Dr. Shila Nordone, CHF’s Chief Scientific Officer, “Just like periodontal disease in humans, periodontal disease in dogs is a painful condition that profoundly affects quality of life and can lead to a multitude of health problems. We have strategically funded research that will have immediate impact by supporting the evidence-based use of antibiotic gels to treat progressive disease, while also funding research that will provide a long term solution by developing an effective vaccine to prevent the disease from occuring in the first place.”

In conjunction with the announcement of this research funding, CHF is also releasing a free podcast entitled, “Periodontal Disease and Dental Health in Dogs.” with Dr. Jan Bellows, DVM a Diplomate of the American Board of Veterinary Practitioners and a Diplomate of the American Veterinary Dental College.

And remember! Between now and December 31, 2014 any donation from a new or lapsed donor* will be matched by the American Kennel Club. There’s no better time than now to encourage friends and family members who share your love of dogs to support the health of our four-legged best friends.
