A New Phase of the Borzoi Arrhythmia Project

Submitted by Nancy Hopkins, Health Chair

The Borzoi Arrhythmia Project has reached a point where we need to initiate a new phase. In Phase 2, the Borzoi Arrhythmia Project will focus on specific families that have either shown extremely aberrant cardiac rhythms or have demonstrated multiple sudden deaths. Specific dogs will be identified to be implanted with a cardiac recording device, called a LINQ device. This device is about the length of a AAA battery but thinner and will be slipped just below the skin along the rib cage. We have already checked with AKC to make sure that implanted dogs will not be excused from the show ring and thanks to Prudence Hlatky and Patti Widick Neale, judges have been notified that they might feel an implant when examining Borzoi. With the owners’ permission, three dogs have been identified for implantation for the initial part of Phase 2.

While Phase 1 is still ongoing, Phase 2 was needed due to the complexity of Borzoi arrhythmias. To date, we are still unsure what type of disease process is causing the arrhythmias we are seeing in Borzoi. Holter reports. The Sudden Death Survey results were not clarifying. While there was a significant amount of sudden death reported in our breed, the age of death did not show a clear pattern that could help our researchers better understand a possible cause. Through our Holter investigation, we know that Borzoi have arrhythmias. Arrhythmias are not normal in breeds of dogs that do not have widespread cardiac disease. However, the majority of Borzoi with arrhythmias have not shown indication of dangerous arrhythmias suggesting the need for medical intervention. And yet, these dogs or their relatives have suffered sudden death. More than likely, the actual lethal arrhythmias are occurring only rarely, at specific ages, or during certain activities. In the Fall 2020 edition of The Aristocrat, the article “Dropping Dead Borzoi - What Human Medicine Can Tell Us” explained the difficulty human medicine has when trying to definitively diagnose people who have deadly arrhythmias caused by channelopathies. Because of this information, part of our problem in clearly identifying the cause of sudden death may be that our dogs suffer from one of the more difficult to diagnose channelopathies. While we do not yet know if Borzoi have some form of genetic channelopathy or if these sudden deaths are being caused by arrhythmias due to structural changes in the heart muscle because of occult cardiomyopathy, the identification of the type of arrhythmia that has the potential to kill Borzoi is of importance. Isolating fatal arrhythmias may help characterize the nature of the disease that can lead to sudden death, giving us the information needed to help us move toward a more formal study.

If there are owners/breeders who are Holtering their own dogs who believe they may have a Borzoi who could be a candidate for implantation of the LINQ device and would like to participate in Phase 2 of the Borzoi Arrhythmia Project, please contact Nancy Hopkins at Celestialbz@mac.com.

As stated above, Phase 1 of the Borzoi Arrhythmia Project is ongoing. Those who have already sent Holter data on their dogs into BCOA Health should continue to update Nancy Hopkins on the cardiac health of the participating Borzoi by sending in any additional Holter reports these dogs have gotten as well as any other information on the dogs’ cardiac status such as echoes, cardiologist reports, general veterinary diagnoses, etc. New participants are also still encouraged. One of the things that will be important for us to determine is how many of the participating Borzoi develop cardiac disease over their lifetime and what type of cardiac disease they become afflicted with. This is important because one possible reason for the lack of a clear peak in age for Borzoi sudden death from our Sudden Death Survey may be that we are dealing with multiple types of cardiac diseases that can cause sudden death. Following the dogs in our Borzoi Arrhythmia Project for life will add to our understanding. Also, please continue to notify BCOA Health about any sudden deaths you may unfortunately experience with your dogs.

I also want to stress that any Borzoi that faints or suffers from idiopathic seizures should be Holtered as these are symptoms of the presence of dangerous arrhythmias in humans and Boxers. If caused by arrhythmias, these events are essentially near-sudden death occurrences where the heart was able to recover normal rhythm during a life-threatening arrhythmia sequence. In the case of fainting, please take these occurrences seriously. In the case of seizures, Holtering will be just one way to confirm or rule out a possible cause for a devastating diagnosis.

Another project that is in development that Borzoi owners/breeders need to be aware of is a heart pathology project being planned.

Showing Borzoi in 1959

Compiled by KC Artley, from the AKC Gazettes, the BCOA Aristocrats, BCOA meeting minutes, and show catalogs.

I. General (Borzoi registrations, point scales)
In 1959, 178 Borzoi were registered, so Borzoi were ranked 69th out of 114 breeds. (Beagles in 1959 had 62,948 registered). In May 1959, there were 4 regions in the country, plus Hawaii, for the Schedule of Points. In California, the point scale for Borzoi was increased to 2/2 3/3 4/4 5/6 6/8. In the other regions, the Schedule of Points for Borzoi were the minimum 2/2 3/3 4/4 5/5 6/6. A class dog or class bitch who beat a champion for Best of Breed or Best Opposite Sex did not get additional points for defeating the champion.

In 1959, there were 449 all-breed shows plus 361 independent specialties. Most shows were benched shows. The top ten shows were the International Kennel Club of Chicago (with more than 2000 entries); Westminster; Harbor Cities, CA; Santa Barbara, CA; Westchester, NY; Kennel Club of Philadelphia, PA; Santa Ana Valley, CA; Del Monte, CA; National Capital, Washington, DC; Orange Empire, CA. There were no independent Borzoi specialties. There were 4 specialties for Borzoi held with all-breed shows. There was at least 1 Borzoi entered in 186 shows.

In 1959, Borzoi were ranked 53 out of 114 breeds, with 640 entries. Per a BCOA report, Borzoi placed first in the group 6 times, second 5 times, third 9 times, and fourth 26 times.

The 1959 BCOA Annual Awards: Best of Breed with 25 points to Ch Hollister of Rancho Gabriel, owners Mr & Mrs Lyle Gillette, with 25 points, one group 1 and two other group placements. Best Opposite Sex with 8 points to Ruiske of Woodhill, owner Mrs M F Hilsmier. Best American Bred with 14 wins, to Vigow of Romanoff III, Lena Tamboer. Mrs Wm. H Woodcock’s Ch Mariska of Suntan was a close runner-up for the BOS award with 7 points, and the Everhart’s Trezor Briansk also had 7 points.

The first person listed as the dog’s owner by AKC must be a BCOA member to be included. To be ranked #1 overall at year’s end, a dog must have at least 3 QS from the regular classes and all QS from the regular classes will be averaged for that dog. To be ranked #1 in any particular class at year’s end only 1 score is needed.

Walter O. Ford
May 27, 1956 – April 21, 2019

Walter had a wonderful life. He was a loving husband, partner, best friend, great brother and uncle as well. Walt lived in the moment with an enthusiastic view of life. His strengths were his tolerance and his patience as well as his perseverance. Walter was always available to help the family and many friends with whatever was needed to be done, His love of music and remarkable knowledge of each band and the members was amazing. This love of music caused MANY blown speakers in his vehicles and homes. From the family summer home in Ocean City, NJ, Walter became an excellent boat captain. He loved to ride his motorcycle and was so happy that he was able to ride a Harley on a 20-day adventure on Route 66 in September of 2018. He was accompanied by his brother, nephew and best friend. He also enjoyed snow and water skiing. Walter was a Master Plumber for more than 35 years. He was also known as the MIGA (make it go away) guy. His bosses could count on Walter to make problems disappear. Growing up, his family had Boxers. Later he had a Golden Retriever but it was in the summer of 1991 that Walt got his first Borzoi named Valerie and Walter and Anne fell in love with the breed. They raised 13 Borzoi that achieved Dual Champions, Champions, #1 AKC Lure coursers, placements in BCOA triathlons, and earned titles in Obedience, Agility and Rally and many other titles. Walter was an active member in the Borzoi Club of Delaware Valley, Suburban Dog Training Club, Kruisin Kanines Agility Club, Borzoi Club of America and the defunct PHAST (Philadelphia Area Sight Hound Trials) Club. In addition, Walter was a Mason of the Friendship-Williams Lodge and a Lulu Temple Shriner. Walt is sorely missed by all who knew him.

Dennis Williams
Oct 20, 1944 - July 10, 2019

Dennis was a Christian minister as well as a band director and talented musician. He and his wife Nancy bred several litters of Borzoi under the kennel name “Dashadon”. His first Borzoi came from the Neales in Florida. Dennis loved each of his Borzoi whether he bred them or not. He was extremely proud of all of their accomplishments. Dennis was the co-chair of two BCOA supported events in association with the Lost Dutchman KC in Mesa, AZ. He kept most of the Borzoi he bred selling very few. They all had a life-long home with Dennis and Nancy. Dennis and I were competitors as well as friends. The Borzoi community in AZ is very small so we got to know each other quite well. The last litter they bred was one of their bitches to my Am Int Ch Seabury’s Skyracer.

Ralph Jamison
September 9, 1945 – August 22, 2019

Ralph Jamison passed away after courageously battling Parkinson’s disease with his typical optimistic spirit. The weekend before, he was able to attend our BCDV picnic where many of us shared a meal and conversation with Ralph. He was a beloved member, joining the club in the late seventies, contributing in many capacities, and always with a positive attitude, humor and sound judgment. Ralph served on many committees, as a board member, President and VP, and marched with our Drill Team.

Ralph will be sorely missed by all who knew him in the Borzoi community. Always a gentleman, he had a keen eye for evaluating puppies, Borzoi structure and movement, and enjoyed many judging assignments. Over many years he bred several litters using “Mascha” as his kennel name, producing specialty and group winners. In lure coursing “Mascha” was the first Best in Field-winning Borzoi; in rally obedience he put Excellent level titles on two dogs; and in agility Ralph and Neo shattered the tire jump!!!!

Ralph loved to discuss our breed in depth with anyone sharing a love of Borzoi. He never preached; rather, he would engage others, encouraging them to think deeper, often leading to a greater understanding. He leaves us with an endless supply of fun stories and reminiscences to share (go ahead, ask one of us!).

Ralph taught history and social studies mostly, but could teach any class when called on and was beloved by his students. He was an avid golfer and tennis player, ran track in his youth, and loved the challenge of the NY Times crossword puzzle. Ralph’s talents included drawing and painting and a deep appreciation of opera. He was very proud when a Borzoi he bred appeared on stage at ‘the Met’ with Renee Fleming (and sang along), inspiring the book The Dog That Sang at the Opera.

As we remember and miss our friend we smile, knowing Ralph is reunited with his many Borzoi at the Rainbow Bridge, no doubt creating a traffic jam.

Jane Eloise Stauffer Schreiber  
December 6, 1940 - November 29, 2019

Jane began lure coursing with a Basenji, Joey, in 1983. Through lure coursing, she met her future husband, Peter, and together they continued their journey with Borzoi. Keeping coursing ability at the top of their priorities, along with correct conformation, their first Borzoi were from the Windhound kennel of Aatis and Ping Lillstrom. In 1986, they began their annual trips to Wyoming and New Mexico for open field coursing, which continued until Jane’s health began to decline. She continued to attend lure coursing trials and cheer for the Phoenixx team. The Phoenixx breeding program produced many champions and top lure coursers including the littersisters Lady and Nugget. Nugget went on to a successful career as a brood bitch, producing two litters sired by DC Téine Windmaster of Foxwood ROMX, which contained multiple champions, open field and lure coursing winners, and earned her ROMX status. The last Phoenixx litter was whelped in 2008.

Joy held numerous positions in the clubs that she served and was ASFA Region 8 Director, ASFA First and Second Vice President, BCOA Regional Governor and BCOA Vice President, as well as numerous positions in regional lure coursing clubs.

Joy Windle  
April 5, 1946 – June 14, 2020

Perhaps more than anyone else, Joy was the most nuanced, multi-talented, wise and intelligent person in the breed; a breed that has many fine people in it. She had the most generous of spirits.

Joy was the oldest of seven children, and like eldest children, she had a take-charge way about her. She grew up in Conestoga, PA and often described a bucolic, homey life when she described her childhood, where the elder generation were looked up to as role models and revered. They had done their work well on Joy. It was during her childhood that her great love of dogs flourished, as there were many varieties of beagles and coonhounds on the family property. Joy’s first dog of her own was a Chesapeake Bay Retriever named Butch.

Joy attended Penn Manor High School and went on to study English at Ursinus College. She then went on to a long career teaching English and later drama at the West Chester Area School District, where she also directed school theater productions. She never had children of her own and married Rhys Wiggins late in life, only to lose him to cancer in 2007. Many of her students wrote touching, life-changing testimonials about Joy and the influence she had on their lives.

Joy came into Borzoi almost accidentally, through a student who had a rescue Borzoi, Yana of Baranoff, in 1979. It immediately changed her life. After her initial adoption of the first Borzoi, she went on to have 23 more dogs which included more Borzoi, Scottish Deerhounds, Whippets and recently a Rescue Greyhound. That is not including all the puppy litters.

She had many notable accomplishments in the Borzoi world; accomplishments that really set her apart and made her unique and unforgettable. Primarily they are her roles as a club woman and officer in two clubs: Borzoi Club of Delaware Valley (BCDV), and Borzoi Club of America (BCOA), where she held many responsible positions over the years. In addition, there was her work as editor of three books: Being Borzoi, Forever Borzoi, and A Puppy’s Journey. A group of individuals volunteered to work together and the first two books were produced in rapid succession, including stories, art work and photographs. These books were an enormous success and the profits were donated to Borzoi health or Borzoi rescue. The third book, chronicling the development of a Borzoi puppy through its first year of life, was produced by Chris Danker. Being Borzoi won the Arthur Frederick Jones Award for Excellence for the Purebred Writers Alliance of Writers, 2007.

In BCDV, Joy was involved with many club projects, committees and offices. She was President, Vice President, Corresponding Secretary, Trophy Chair for the annual BCDV match, supported entries, and specialty shows for many years. She arranged for the club’s trophies for 2020 which the club hopes to use in 2021 in her memory. Joy also was the editor of the Borzoi Bark, the BCDV newsletter. She created the club’s website, Facebook page, and marched with the club’s original BCDV Drill Team, an extraordinary dog event.

Joy sat on the Executive Board of the Borzoi Club of America as the Recording Secretary for many years, and worked tirelessly at the national specialty shows. She could always be seen running around wearing many hats. Many people will never forget her warm welcome and support when they joined BCOA.

As if all that wasn’t enough, she also would travel out to California to be the most incredible and proficient ring steward at the Lompoc shows and specialty.

From her beginnings in rural Lancaster County, PA, Joy’s life embraced a large reach. She touched many people, from her beloved family, to her friends, to her professional colleagues and the students she taught, and later, to her new family that we all join when we choose to live with Borzoi, and then, she had Rhys. She had boundless love and generosity for all of them and a generosity of spirit that always shone through. That is why her decision to end her medication this past summer was so sad, knowing that this beacon would grow dark. Selfishly, we all wanted more Joy, not less, and that’s why losing her has been so hard.

Her sister Christine Wenrich writes: “I was never allowed to crack a tear in front of my sister. She would sing ‘don’t cry for me Christina’ (to the tune of Don’t Cry For Me Argentina). I would remind her that my name was Christine, not Christina! The fact is that she is worth every tear. She is deserving of every tear. And there have been plenty. But I still hear her singing… ‘don’t cry for me Christina’.”

One of her students writes: “Joy Windle was my favorite teacher and mentor, one of my biggest fans, and a cornerstone to how I was able to grow up in education and learning, plus be able to pass it along to the future generations.” That student went on to become a teacher himself.

Joy will be missed by many for many years to come.

Harriet J. Goldner  
September 19, 1949 – June 3, 2020

Harriet, or Henri as she was known to her family and friends, was an art teacher for the Cleveland Metropolitan School District for 40 years. Henri was born in Butler, PA, and grew up in Cleveland. She was the cherished only child of Irene and Joseph Tishler.

Her passion was dogs, specifically Borzoi. She was a long-time breeder who was loved and respected among her peers. In her lifetime, she produced 90 champions.

She is survived by her beloved partner, Thomas R. Strunk, and her many devoted friends.
Irving Bonios
December 1937 - July 2020
Irving was a dapper gentleman, always with a smile on his face. He always had a kind word or would say nothing. He died this past summer after a long illness at the age of 84.

His first love were his Borzoi and he was approved to judge the Hound Group as well as the Toy Group and Best in Show. In later years, he bred Papillons but always came back to his Borzoi. Irving and his wife, Nancy, favor the old English style Borzoi and bred under the kennel name Karistan. Their best known dog was Ch. Eglon of Karistan. Several other dogs that Irving bred are pictured in BCOA Yearbooks of the mid-seventies.

Jennifer Luise Frank
1970 – August 3, 2020
Jenn Frank of Annwn Borzoi was a dedicated teacher, and loved her Borzoi, her students and her family. She could always be counted on for a thoughtful and compassionate discussion on most any topic. She would always make time for people. While she suffered her own trials and tribulations as we all do, she never took her frustrations out on anyone. The world at large and the Borzoi world specifically is a bit darker without her candle. Godspeed Jenn, and prayers for your friends and family.

Good-bye Irving! Your Borzoi friends miss you.

Sally Stephens – April 2019 and Carl Stephens – Oct 2020
Carl And Sally Stephens were SnoPaw Malamutes and Borzoi, located in Lake Stevens, WA, having Mals for several years before getting their first Borzoi from good friends Lois and Evelyn Olmen of “Glaciers” Malamutes and Borzoi. Ch Glaciers SnoPaw Kasilof was a big sable and white boy with a very nice, open side-movement.

In 1982, they got a lovely gold with white Borzoi bitch, DarMorev’s Sea Sprite SnoPaw, aka Bubbles. They bred their only litter in 1985, with a pup going back to the Booths and one to Barb Solga. At this time, they retired to Roseburg, OR on a lovely piece of property surrounded by an orchard. Carl found a wonderful part-time job as head groundskeeper and handyman at a local golf course, allowing him to putter to his heart’s content.

Sally continued to be active in Borzoi in a limited capacity; some showing but mostly supporting local clubs and always coming up to the Seattle area every summer to visit and enjoy the dogs and friends at the big August combined specialties. She was always more than happy to help hold dogs ringside.

As they transitioned out of showing and breeding Malamutes they proved their love of the breed by providing a home for a few of the Malamute club’s pups from their Dwarfism project. Sally also did some judging assignments at their specialties over the years.

Their last two Borzoi were two lovely, lively youngsters from Rey and Yvonne McGehee of Valeska Borzoi; littermates “Grushka” Valeska Sweet Horizon and “Miko” Valeska Enchanted Country. They went back to the McGehees when Carl and Sally moved into a retirement center.

They are missed.

In the May 1959 AKC Gazette, Mrs Denton wrote: “Some former and present owners of famous Borzoi kennels met on April 29, in the Salon de Ligne at the Union Interalliee, Paris, France, to discuss the future of the breed and to give Oliver Perrin, publisher, an opportunity to meet owners of famous kennels in connection with a recently written book that records the historical background of the Borzoi. Mr Perrin has more than just a publisher’s interest in the subject for Mrs Perrin’s father, Mr Belokopytoff, once had a kennel of 200 Borzois. There were representatives or messages from the old Woronzova kennels of Russia founded in 1856, and owned by Mr and Mrs Artem Boldareff, the latter is one of the few ladies who used to ride with the Perchino Hunt, the Tangmere kennels and the Woodcourt kennels of England, the latter owners, Mr and Mrs Fred Curnow, flew from London to attend; the Bagdad kennels of Belgium; the Seacroft kennels of the United States; and several Borzoii owners now living in France, Col Stedman Shumway Hanks, the author of the book and Mrs Hanks represented the Seacroft kennels which imported the first Borzoi to America in 1890 from the Gatchina or Imperial kennels of the Czar. The book, we understand, relates primarily to Borzois in Europe and will be published in French first.”

In her August 1959 AKC Gazette Borzoi column, Mrs Denton wrote that Mrs D W George, Hon. Secretary of the Borzoi Club, Dorset England, is BCOA’s first overseas member. She bred her first Borzoi litter in 1929, has bred about 100 in all, including the first self black one to become a champion in England, CH Archilites of Tangmere. Her Tangmere Kennels had to be dispersed at the onset of World War II; food for 50 Borzoi was almost impossible to obtain, the older ones were put away and the young ones placed with
Borzoi folks are familiar with how versatile our breed is, but others may view our dogs as difficult to train. When I first began my Evie search, many people told me how impossible Borzoi training can be, with several of these comments coming from dog trainers. As I began to get to know the breed, I understood the training approach simply needed to be a bit different because of their brilliant, independent minds.

Evie had her first birthday December 14, 2019 and the pandemic took hold in early 2020, so as our shows, classes and visits were canceled, I realized we needed to focus on something positive, so we began to work on light-hearted trick training.

I love all things Harry Potter and an idea began to form in the spring about entering the AKC Trick Dog Extravaganza competition for 2020. Like everything we teach our dogs (and our kids) we start with small tasks or behaviors. For instance, to teach Evie to use the remote control for the Gringotts car, she needed to target the button on top of the remote with her foot to operate it, then we had to work on the amount of time and pressure she applied to that button so that it didn’t zoom across the room. The extra challenge with this one is that she learned cause and effect: her foot on the button made the car move, which, of course, she wanted to chase! Evie also needed to learn to pick up the bag of money and deliver it to my hand.

The sequence is actually taught backwards and becomes a behavior chain. So for that one trick Evie, presses the button, moves to the car, picks up the bag, carries and delivers the bag to me. Teaching her the sequence of the tricks was actually the easiest part. We broke the sequence down into three tricks and then added another two for a few days before adding another two, etc. Before long she anticipated which trick came next and we moved ahead. For instance, after she digs at King’s Cross Station, she turns and runs toward Platform 9 3/4 and then to the Hogwarts Express, all with no direction from me. I think these skills may come in handy in agility.

In late September, we submitted Evie’s Magical Dream video to AKC. In December, we were notified that Evie was one of two semi-finalists! The winner was a Border Collie and the other semi-finalist, a Golden named Gryff, was last year’s winner.

Our entry also won First Place for Set Design.

We are looking forward to rally, agility and conformation in 2021. Evie and I hope her video makes you smile.

friends. Now, with a pair of Borzois, Mrs George hopes to breed them, and once more use the knowledge she acquired from such eminent authorities as the late Duchess of Newcastle, Mrs Vlasto, Miss E Robinson of Mythe fame, the late Mrs Ruth Huth, and Mrs K McNeil of the Barnaigh kennels in Scotland.

Mrs Denton also wrote: “Word was just received that Kolchak III (Ch Saturn Petrovitch of Alpime) the mascot presented to the 27th U S Infantry Regiment (The Wolfhounds) by the breeder Mrs G Clifton Potter, Stockton CA, died last year. Kolchak II made long trip to his new home in Honolulu several years ago in answer to a plea from the famous regiment for another Borzoi to replace Kolchak I and Kolchak II as mascot. Sgt Hugh F O’Reilly wrote that this friendly and intelligent Borzoi was dearly loved by every member of the 27th and is sadly missed.”

by the Borzoi Health and Welfare Foundation. A pathologist at Penn State specializes in cardiac pathology and the BHWF is currently in discussion to facilitate procedures for individuals to submit hearts of Borzoi who have died of sudden death for evaluation. As a part of this investigation, the pathologist may also request normal Borzoi hearts for examination to establish baseline measurements. The reason for this initiative is driven by discussions Danielle Steenkamp, DVM has had with various breeders and owners who have had dogs die from what was described as hypertrophic cardiomyopathy (HCM). In fact, this initiative is named after a Borzoi that recently died from HCM, Valentine’s Fund.

Hypertrophic cardiomyopathy (HCM) is a disease of the cardiac muscle where the muscle wall of the large pumping chambers become thick and stiff, reducing the heart’s ability to move blood through the body and the lungs. Just as in dilated cardiomyopathy, the changes to the cardiac muscle can cause arrhythmias that can lead to sudden death. Borzoi health is very grateful to those people who have shared necropsy reports with Danielle Steenkamp on their Borzoi with postmortem diagnoses of HCM. In dogs, HCM is considered to be a very rare diagnosis. However, there is a possibility that this cardiac disease may be more common in our breed. Therefore, the postmortem examination of Borzoi hearts has become important. Watch for more information on this initiative at https://borzoihealth.org.

I want to stress to every person reading this article that members of the Borzoi fancy have a great deal to be proud of. The amount of people willing to Holter their dogs and share the results has been outstanding. Doctors Meurs and Gelzer have been extremely impressed by the number of submissions. This level of participation will help us with this investigation as it progresses, but it will also help us in the future as we work on other health problems that are of interest to Borzoi owners and breeders. Borzoi breeders definitely show their dedication to all aspects of our breed. Thank you. §
