

BCOA Region 4 Report

Our region has seen the New Year come in rather quietly. BCOC held its winter specialty Jan 6 in Indio, Ca just before the Palm Spring shows. The weather was great. Entries were a bit down.

BCNC will be having its spring specialty March 24. It will held in Vallejo, Ca and is part of a 4 day show circuit.

Many members from this region are in the planning stages for their trip out to Richland Washington to attend the national specialty.

Within the next week I should hear from the members who are looking into the feasibility of a national specialty being held in New Mexico. I know a group of members in the region have also worked on the possibility of returning to Lion's Gate in Sacramento. There will be a proposal ready to present to the board at the May meeting.

Best regards,

Lorrie Scott,
Governor Region 4
